PROSPECTUS SUMMARY

The following summary highlights material information found in more detail elsewhere in, or incorporated by reference in, the prospectus. It does not contain all of the information you should consider. As such, before you decide to buy our securities, in addition to the following summary, we urge you to carefully read the entire prospectus and documents incorporated by reference herein the prospectus supplement and any free writing prospectus, especially the risks of investing in our securities as discussed under "Risk Factors" herein and therein. The following summary is qualified in its entirety by the detailed information appearing elsewhere in this prospectus.

General

Lucas Energy, Inc., a Nevada corporation, is an independent oil and gas company based in Houston, Texas. It explores for, develops, produces and markets primarily crude oil and to a much lesser extent, natural gas, from various known productive geological formations. Our current assets are located in the Austin Chalk, Eagle Ford and Buda formations, primarily in Gonzales, Wilson, Karnes and Atascosa counties south of San Antonio, Texas; and the Eaglebine, Buda and Glenrose formations in Leon and Madison counties north of Houston, Texas. Incorporated in Nevada in December 2003 under the name Panorama Investments Corp., the Company changed its name to Lucas Energy, Inc., effective June 9, 2006. Our goal is to acquire, develop, and produce crude oil and natural gas from areas located in, or near, established oil fields that can provide long-term growth and sustainability for the Company.

The Company's strategy is as follows:

- Locate and acquire what we believe to be undervalued, underdeveloped oil and gas properties in known areas. Re-establish or improve production from existing well bores. Look for underlying potential in the form of new drilling, new laterals from existing wells, and/or deeper undeveloped horizons. The Company does not participate in exploration activities, or rank wildcat drilling activities,
- Develop the properties out of current cash flow, issuing new debt instruments, or using project financing, which may include joint interest participation partners (what are commonly known as joint ventures), and
- Operate in a disciplined and systematic approach to maintain a high level of efficiency.

Our fiscal year ends on the last day of March of each year. We refer to the twelve-month periods ended March 31, 2012 and March 31, 2011 as our 2012 fiscal year and 2011 fiscal year, respectively.

Operations and Oil and Gas Properties

We operate in known productive areas in order to decrease geological risk. Our holdings are located in an increased area of current industry activity in Gonzales, Wilson, Karnes, Atascosa, Leon and Madison counties in Texas. We concentrate on three vertically adjoining formations in Gonzales, Wilson, Karnes and Atascosa counties: the Austin Chalk, Eagle Ford and Buda formations, listed in the order of increasing depth measuring from land surface. The development of the Eagle Ford as a high potential producing zone has heightened industry interest and success. Our acreage position is in the oil window of the Eagle Ford trend in the Gonzales and Wilson county, Texas area. In December 2011, we acquired 3,745 net acres in Leon and Madison counties and thereby expanded our holdings of the Eagle Ford trend into the Eaglebine area.

General

The ultimate goal of the management is maximizing shareholder value. Specific targets include: increasing production, increasing profitability margins, increasing property values and reserves, operating efficiently and expanding the Company's asset base.

Additional information about us can be obtained from the documents incorporated by reference herein. See “Where You Can Find More Information.”

Preferred Stock. We may offer shares of our preferred stock, in one or more series. Prior to the issuance of shares of each series, our Board of Directors will determine the rights, preferences, privileges and restrictions of such preferred stock series, and will adopt resolutions and file a certificate of designation with the Secretary of State of the State of Nevada. The certificate of designation fixes for each class or series the designations, powers, preferences, rights, qualifications, limitations and restrictions, including, but not limited to, the following: any dividend rights, conversion rights, voting rights, rights and terms of redemption, liquidation preferences, sinking fund terms and the number of shares constituting any series or the designation of any series. You should read any prospectus supplement and any free writing prospectus that we may authorize to be provided to you related to the series of preferred stock being offered. We have summarized certain general features of the preferred stock under “Description of Preferred Stock.” We urge you to read the complete certificate of designations containing the terms of the applicable series of preferred stock, as well as the applicable prospectus supplement, and any related free writing prospectus that we may authorize to be provided to you, related to such series.

Debt Securities. We may issue debt securities from time to time, in one or more series, as either senior or subordinated debt or as senior or subordinated convertible debt. The senior debt securities will rank equally with any other unsecured and unsubordinated debt. The subordinated debt securities will be subordinate and junior in right of payment, to the extent and in the manner described in the instrument governing the debt, to all of our senior indebtedness. Convertible debt securities will be convertible into or exchangeable for our common stock or other securities. Conversion may be mandatory or at your option and would be at prescribed conversion rates.

Any debt securities issued under this prospectus will be issued under one or more documents called indentures, which are contracts between us and a national banking association or other eligible party, as trustee. In this prospectus, we have summarized certain general features of the debt securities under “Description of Debt Securities.” We urge you, however, to read the applicable prospectus supplement (and any free writing prospectus that we may authorize to be provided to you) related to the series of debt securities being offered, as well as the complete indentures that contain the terms of the debt securities. Forms of indentures have been filed as exhibits to the registration statement of which this prospectus is a part, and supplemental indentures and forms of debt securities containing the terms of the debt securities being offered will be filed as exhibits to the registration statement of which this prospectus is a part or will be incorporated by reference from reports that we file with the SEC.

Warrants. We may issue warrants for the purchase of common stock, preferred stock in one or more series, and/or debt securities in one or more series. We will file as exhibits to the registration statement of which this prospectus is a part, or will incorporate by reference from reports that we file with the SEC, the form of warrant and/or the warrant agreement and warrant certificate, as applicable, that describe the terms of the particular series of warrants we are offering, and any supplemental agreements, before the issuance of such warrants.

Warrants may be issued under a warrant agreement that we enter into with a warrant agent. We will indicate the name and address of the warrant agent, if any, in the applicable prospectus supplement relating to a particular series of warrants.

Units. We may issue units representing any combination of common stock, preferred stock, debt securities and/or warrants from time to time. The units may be issued under one or more unit agreements. In this prospectus, we have summarized certain general features of the units.

Unless otherwise indicated in the applicable prospectus supplement, we intend to use the net proceeds from the sale of the securities offered in the prospectus and any prospectus supplement for future development, repayment or redemption of existing indebtedness, acquisitions and general corporate purposes. We may also use a portion of the net proceeds to acquire or invest in businesses and assets that are complementary to our own, although we have no current plans, commitments or agreements with respect to any acquisitions as of the date of this prospectus. Pending the uses described above, we intend to invest the net proceeds in short-term, interest bearing, investment-grade securities.

DESCRIPTION OF CAPITAL STOCK

We have authorized capital stock consisting of 100,000,000 shares of common stock, \$0.001 par value per share and 10,000,000 shares of preferred stock, \$0.001 par value per share (“Preferred Stock”). As of the date of this prospectus we have 26,734,232 shares of common stock outstanding, 2,000 shares of Series A Convertible Preferred Stock designated and outstanding and 3,000 designated shares of Series B Convertible Preferred Stock, with no shares of Series B Convertible Preferred Stock outstanding.

Common Stock

Holders of our common stock: (i) are entitled to share ratably in all of our assets available for distribution upon liquidation, dissolution or winding up of our affairs; (ii) do not have preemptive, subscription or conversion rights, nor are there any redemption or sinking fund provisions applicable thereto; and (iii) are entitled to one vote per share on all matters on which stockholders may vote at all stockholder meetings. Each shareholder is entitled to receive the dividends as may be declared by our directors out of funds legally available for dividends. Our directors are not obligated to declare a dividend. Any future dividends will be subject to the discretion of our directors and will depend upon, among other things, future earnings, the operating and financial condition of our Company, our capital requirements, general business conditions and other pertinent factors.

The presence of the persons entitled to vote a majority of the outstanding voting shares on a matter before the stockholders shall constitute the quorum necessary for the consideration of the matter at a stockholders’ meeting.

The vote of the holders of a majority of the shares entitled to vote on the matter and represented at a meeting at which a quorum is present shall constitute an act of the stockholders, except for the election of directors, who shall be appointed by a plurality of the shares entitled to vote at a meeting at which a quorum is present. The common stock does not have cumulative voting rights, which means that the holders of 51% of the common stock voting for election of directors can elect 100% of our directors if they choose to do so.

Our common stock is listed and traded on the NYSE MKT under the symbol “LEI”.

Subject to the terms contained in any designation of a series of Preferred Stock, the Board of Directors is expressly authorized, at any time and from time to time, to fix, by resolution or resolutions, the following provisions for shares of any class or classes of Preferred Stock of the Company:

- (2) Whether the shares of such class or series shall have voting rights, in addition to any voting rights provided by law, and if so, the terms of such voting rights;
- (3) The dividends, if any, payable on such class or series, whether any such dividends shall be cumulative, and, if so, from what dates, the conditions and dates upon which such dividends shall be payable, and the preference or relation which such dividends shall bear to the dividends payable on any share of stock of any other class or any other shares of the same class;
- (4) Whether the shares of such class or series shall be subject to redemption by the Company, and, if so, the times, prices and other conditions of such redemption or a formula to determine the times, prices and such other conditions;
- (5) The amount or amounts payable upon shares of such series upon, and the rights of the holders of such class or series in, the voluntary or involuntary liquidation, dissolution or winding up, or upon any distribution of the assets, of the Company;

- (7) Whether the shares of such class or series shall be convertible into, or exchangeable for, shares of stock of any other class or any other series of the same class or any other securities and, if so, the price or prices or the rate or rates of conversion or exchange and the method, if any, of adjusting the same, and any other terms and conditions of conversion or exchanges;
- (8) The limitations and restrictions, if any, to be effective while any shares of such class or series are outstanding upon the payment of dividends or the making of other distributions on, and upon the purchase, redemption or other acquisition by the Company of the common stock or shares of stock of any other class or any other series of the same class;

- (12) Any other powers, preferences and relative, participating, optional and other special rights, and any qualifications, limitations and restrictions thereof, insofar as they are not inconsistent with the provisions of the Articles of Incorporation of the Company, as amended, to the full extent permitted by the laws of the State of Nevada.

The powers, preferences and relative, participating, optional and other special rights of each class or series of Preferred Stock, and the qualifications, limitations or restrictions thereof, if any, may differ from those of any and all other series at any time outstanding.

Series A and B Convertible Preferred Stock

The Series A Convertible Preferred Stock and Series B Convertible Preferred Stock have no voting rights, no liquidation rights and no redemption rights, but have conversion rights providing the holder thereof the right to convert each outstanding Series A and B Convertible Preferred Stock share into 1,000 shares of the Company's common stock. The Series A Convertible Preferred Stock contains a provision that limits the amount of common shares that the holder can own at any time upon conversion to an aggregate of 4.99% of the Company's then issued and outstanding shares of common stock. The Series B Convertible Preferred Stock contains a similar provision, limiting the amount of common shares that the holder can own upon any conversion to an aggregate of 9.99% of the Company's then issued and outstanding shares of common stock. The Series B Convertible Preferred Stock has dividend rights when and if cash dividends are declared by the Company on an "if converted" basis. Additionally, the conversion rate of the Series A and B Convertible Preferred Stock adjusts automatically in connection with and in proportion to any dividends payable by the Company in common stock.

Warrants

As of the date of this prospectus we have a total of 4,168,636 warrants outstanding, which had various exercise prices from between \$1.50 and \$2.98 per share and various expiration dates between September 12, 2013 and April 4, 2018, as described in greater detail below.

In connection with our December 30, 2010 offering, we sold an aggregate of 2,510,506 units pursuant to a Securities Purchase Agreement (the "Purchase Agreement") to certain institutional investors (the "Investors"), each consisting of (a) one share of common stock; (b) one Series B Warrant to purchase one share of common stock at an exercise price of \$2.86 per share (the "Series B Warrants"); and (c) one Series C Warrant to purchase one share of common stock at an exercise price of \$2.62 per share (the "Series C Warrants" and together with the Series B Warrants, the "Warrants", and collectively with the shares of common stock, the "Units"). An entity controlled by our former director, Joshua D. Young was one of the Investors in the offering. Subsequently, effective July 18, 2011, the Company entered into an Amendment, Settlement and Release Agreement (the "Amendment Agreement") with the Investors, pursuant to which, among other things, the Company agreed to reduce the exercise price of the Series C Warrants to \$2.48 per share; move up the date the Investors could exercise the Series C Warrants to allow such Series C Warrants to be exercised by the Investors as of the effective date of the Amendment Agreement; and provide for the immediate exercise by the Investors of 25% of the Series C Warrants which they held (627,628 Series C Warrants) for cash. Subsequent to the parties' entry into the Amendment Agreement, the Investors exercised their remaining Series C Warrants.

We also agreed to grant our placement agent in the offering, TriPoint Global Equities, LLC, warrants to purchase up to 150,630 shares of common stock equal to 2% of the total shares of common stock issuable in connection with the December 31, 2010 offering (the "Agent Warrants").

Each Series B Warrant has an exercise price of \$2.86. The Series B Warrants are exercisable at any time for five years following the 185th day following the Closing Date of December 30, 2010.

The Warrants include a provision whereby the Investors are not eligible to exercise any portion of the Warrants that would result in them becoming a beneficial owner of more than 9.99% of the Company's common stock.

The Agent Warrants have a term of 3 years and an exercise price of \$2.98 per share.

In April 2012, the Company sold an aggregate of 2,950,000 units at \$2.00 each, with each unit consisting of one share of Company common stock and 0.35 of a warrant to purchase one share of the Company's common stock at an exercise price of \$2.30 per share in a registered direct offering. A total of 2,950,000 shares and 1,032,500 warrants were sold in connection with the offering (one of the investors in the offering was an entity controlled by our former director, Joshua D. Young). The Company received an aggregate of \$5,900,000 (or \$2.00 per unit) in gross funding and approximately \$5,500,000 (or \$1.87 per unit) in net proceeds after paying commissions and other expenses associated with the offering. The Company used the net proceeds to pay down expenses related to drilling, lease operating and workover activities; and for general corporate purposes, including general and administrative expenses.

Each warrant is exercisable for five years following the six-month anniversary date of the closing of the offering. If the registration statement pursuant to which the warrants were issued is not effective and available for use at the time of any proposed exercise, the warrants have cashless exercise rights. The warrants also include a provision whereby the investors are not eligible to exercise any portion of the warrants that would result in them becoming the beneficial owner of more than 4.99% of the Company's common stock, subject to the holder's right to increase such amount to up to 9.99% of the Company's common stock with at least 61 days prior written notice to the Company.

In September 2012, the Company sold an aggregate of 800,000 units at \$1.65 each, with each unit consisting of one share of Company common stock and 0.25 of a warrant to purchase one share of the Company's common stock at an exercise price of \$2.00 per share in a registered direct offering. A total of 800,000 shares and 200,000 warrants were sold in connection with the offering to investors controlled by our current director, Ryan J. Morris and our former director, Joshua D. Young. The Company received an aggregate of \$1,320,000 (or \$1.65 per unit) in gross funding and approximately \$1,308,000 (or \$1.64 per unit) in net proceeds after paying related expenses associated with the offering. The Company did not pay any commission in connection with the offering. The Company used the net proceeds to pay down expenses related to drilling, lease operating and workover activities; and for general corporate purposes, including general and administrative expenses.

Each warrant is exercisable any time, for one year following the date of the closing of the offering. If the registration statement pursuant to which the warrants were issued is not effective and available for use at the time of any proposed exercise, the warrants have cashless exercise rights. The warrants also include a provision whereby the investors are not eligible to exercise any portion of the warrants that would result in them becoming the beneficial owner of more than 4.99% of the Company's common stock, subject to the holder's right to increase such amount to up to 9.99% of the Company's common stock with at least 61 days prior written notice to the Company.

Effective April 4, 2013, we entered into a Loan Agreement with various lenders (the "Loan Agreement") pursuant to which such lenders loaned the Company an aggregate of \$2,750,000 to be used for general working capital. The lenders included entities beneficially owned by our directors, Ken Daraie (which entity loaned us \$2,000,000) and W. Andrew Krusen, Jr. (which entities loaned us \$250,000), as well as an unrelated third party which loaned the Company \$500,000.

The loans provided pursuant to the Loan Agreement were documented by Promissory Notes (the "Notes") which accrue interest at the rate of 14% per annum, with such interest payable monthly in arrears (beginning June 1, 2013) and are due and payable on October 4, 2013, unless the Company borrows an additional \$2.5 million from the lenders, in which case, the maturity date of the Notes is April 4, 2014. The Notes can be prepaid at any time without penalty. In the event any amounts are not paid when due under the Notes and/or in the event any event of default occurs and is continuing under the Notes, the Notes accrue interest at the rate of 17% per annum. The Note holders were each paid their pro rata portion of a \$55,000 commitment fee in connection with the Company's entry into the Notes and were each granted their pro rata portion of warrants to purchase 275,000 shares of the Company's common stock which were evidenced by Common Stock Purchase Warrants (the "Loan Warrants").

The Loan Warrants have an exercise price of \$1.50 per share, a term of five years and cashless exercise rights in the event the shares issuable upon exercise of the Loan Warrants are not registered with the Securities and Exchange Commission.

The repayment of the Notes is secured by a first priority security interest in one hundred (100) barrels of oil per day of net production from the Company's owned and operated oil and gas properties, and all payments and proceeds associated therewith.

Stock Options

As of the date of this prospectus, the Company had issued and outstanding stock options to purchase an aggregate of 944,668 shares of common stock (net of forfeitures, expirations and cancellations) pursuant to its 2010 Long-Term Incentive Plan and 2012 Stock Incentive Plan (the “Plans”). The stock options have a weighted average exercise price of \$1.52 per share. Of such options 280,340 were exercisable as of May 16, 2013 at an average exercise price of \$1.61 per share.

Restrictions on Change of Control

Articles of Incorporation and Bylaws

The following provisions of our Articles of Incorporation and our Bylaws, as amended and restated, and applicable provisions of Nevada law may make a change of control of us more difficult and may delay stockholder actions with respect to business combinations and the election of new members to our Board of Directors:

- a) Limiting the number of our directors to ten;
- b) Limiting the persons who may call special meetings of stockholders to our President or any other executive officer, the Board of Directors or any member thereof, or by the record holder or holders of at least 10% of all shares entitled to vote at the meeting;
- c) Limiting the business that may be acted on at a special meeting of the stockholders to the matters set forth in the notice of the meeting;
- d) Requiring the approval of not less than two-thirds of the outstanding shares entitled to vote at an election of the directors to remove members of the Board of Directors;
- e) Requiring that any action of the stockholders to be taken without a meeting must be authorized by a consent and signed by persons having at least a majority of the voting power who would be entitled to vote on that action at a stockholders’ meeting;
- f) Requiring that any proposed amendment to our Articles of Incorporation that would alter or change any preference or any relative or other right given to any class or series of outstanding shares, then the amendment must be approved by the vote, in addition to the affirmative vote otherwise required, of the holders of shares representing a majority of the voting power of each class or series affected by the amendment regardless of limitations or restrictions on the voting power thereof; and
- g) Authorizing our Board of Directors, subject to any limitations presented by law, to provide for the issuance of shares of our Preferred Stock in one or more series (with such preferences and rights as described above under “Preferred Stock”).

Nevada Corporation Law

Sections 78.378-78.3793 of the Nevada Revised Statutes apply to any acquisition of a controlling interest in an issuing corporation unless the Articles of Incorporation or Bylaws of the corporation in effect on the tenth day following the acquisition of a controlling interest by an acquiring person provide that the provisions of those sections do not apply to the corporation, or to an acquisition of a controlling interest specifically by types of existing or future stockholders, whether or not identified. A person desiring to acquire a controlling interest in an issuing corporation must do so in accordance with the provisions of Sections 78.378-78.3793 of the Nevada Revised Statutes.

In general, Sections 78.378-78.3793 set forth the procedures for an acquiring person to obtain a controlling interest in an issuing corporation. The securities acquired in such acquisition are denied voting rights unless holders of a majority of the voting power of the corporation approve the granting of such voting rights, and, if the acquisition would adversely alter or change any preference or any relative or other right given to any other class or series of outstanding shares, the holders of a majority of each class or series affected approve the granting of such voting rights.

The provisions of Sections 78.378-78.3793 of the Nevada Revised Statutes do not restrict the directors of an issuing corporation from taking action to protect the interests of the corporation and its stockholders including, but not limited to, adopting or signing plans, arrangements or instruments that deny rights, privileges, power or authority to a holder of a specified number of shares or percentage of share ownership or voting power.

“Controlling interest” means the ownership of outstanding voting shares of an issuing corporation sufficient, but for the provisions of Section 78.378 to 78.3793, inclusive, to enable the acquiring person, directly or indirectly and individually or in association with others, to exercise 1) 1/5 or more but less than 1/3, 2) 1/3 or more but less than a majority, or 3) a majority or more of all the voting power of the corporation in the election of directors.

“Issuing corporation” means a corporation which is organized in Nevada and which 1) has 200 or more stockholders of record, at least 100 of whom have addresses in Nevada appearing on the stock ledger of the corporation; and 2) does business in Nevada directly or through an affiliated corporation.

The Company’s Bylaws, as amended and restated, provide that the Company is not governed by the provisions of Section 78.378 to 78.3793, inclusive, of the Nevada Revised Statutes, and such sections do not therefore apply to the Company or to an acquisition of a controlling interest by any shareholder of the Company.

Sections 78.411-78.444 of the Nevada Revised Statutes apply to certain combinations of the corporation with interested stockholders.

In general, Section 78.438 prohibits a Nevada corporation from engaging in any business combination with any interested stockholder for a period of three years following the date that the stockholder became an interested stockholder unless the Board of Directors of the corporation approved the business combination prior to the date the person became an interested stockholder.

In general, Section 78.439 provides that business combinations after the three-year period following the date that the stockholder becomes an interested stockholder may also be prohibited unless approved by the corporation's directors before the person became an interested stockholder unless the price and terms of the transaction meet the criteria set forth in the statute.

“Combination” means any of the following:

- 1) Any merger or consolidation of the resident domestic corporation or any subsidiary of the resident domestic corporation with:
 - (a) the interested stockholder; or
 - (b) any other corporation, whether or not itself an interested stockholder of the resident domestic corporation, which is, or after the merger or consolidation would be, an affiliate or associate of the interested stockholder.
- 2) Any sale, lease, exchange, mortgage, pledge, transfer or other disposition, in one transaction or a series of transactions, to or with the interested stockholder or any affiliate or associate of the interested stockholder of transactions, to or with the interested stockholder or any affiliate or associate of the interested corporation:
 - (a) having an aggregate market value equal to 5% or more of the aggregate market value of all the assets, determined on a consolidated basis, of the resident domestic corporation;
 - (b) having an aggregate market value equal to 5% or more of the aggregate market value of all the outstanding shares of the resident domestic corporation; or
 - (c) representing 10% or more of the earning power or net income, determined on a consolidated basis, of the resident domestic corporation.

- 3) The issuance or transfer by the resident domestic corporation or any subsidiary of the resident domestic corporation, in one transaction or a series of transactions, of any shares of the resident domestic corporation or any subsidiary of the resident domestic corporation that have an aggregate market value equal to 5% or more of the aggregate market value of all the outstanding shares of the resident domestic corporation to the interested stockholder or any affiliate or associate of the interested stockholder except under the exercise of warrants or rights to purchase shares offered, or a dividend or distribution paid or made, pro rata to all stockholders of the resident domestic corporation.
- 4) The adoption of any plan or proposal for the liquidation or dissolution of the resident domestic corporation proposed by, or under any agreement, arrangement or understanding, whether or not in writing with, the interested stockholder or any affiliate or associate of the interested stockholder.
- 5) Any:
 - (a) reclassification of securities, including, without limitation, any splitting of shares, dividend distributed in shares, or other distribution of shares with respect to other shares, or any issuance of new shares in exchange for a proportionately greater number of old shares;
 - (b) recapitalization of the resident domestic corporation;
 - (c) merger or consolidation of the resident domestic corporation with any subsidiary of the resident domestic corporation; or
 - (d) other transaction, whether or not with or into or otherwise involving the interested stockholder, proposed by, or under any agreement, arrangement or understanding, whether or not in writing, with, the interested stockholder or any affiliate or associate of the interested stockholder, which has the effect, directly or indirectly, of increasing the proportionate share of the outstanding shares of any class or series of voting shares or securities convertible into voting shares of the resident domestic corporation or any subsidiary of the resident domestic corporation which is directly or indirectly owned by the interested stockholder or any affiliate or associate of the interested stockholder, except as a result of immaterial changes because of adjustments of fractional shares.
- 6) Any receipt by the interested stockholder or any affiliate or associate of the interested stockholder of the benefit, directly or indirectly, except proportionately as a stockholder of the resident domestic corporation, of any loan, advance, guarantee, pledge or other financial assistance or any tax credit or other tax advantage provided by or through the resident domestic corporation.

“Interested stockholder” means any person, other than the resident domestic corporation or any subsidiary of the resident domestic corporation, who is:

- 1) the beneficial owner, directly or indirectly, of 10% or more of the voting power of the outstanding voting shares of the resident domestic corporation; or
- 2) an affiliate or associate of the resident domestic corporation and at any time within 3 years immediately before the date in question was the beneficial owner, directly or indirectly, of 10% or more of the voting power of the then outstanding shares of the resident domestic corporation.

To determine whether a person is an interested stockholder, the number of voting shares of the resident domestic corporation considered to be outstanding includes shares considered to be beneficially owned by that person through the application of Section 78.414 of the Nevada Revised Statutes, but does not include any other unissued shares of a class of voting shares of the resident domestic corporation which may be issuable under any agreement, arrangement or understanding, or upon exercise of rights to convert warrants or options, or otherwise.

DESCRIPTION OF PREFERRED STOCK

A prospectus supplement relating to any series of preferred stock being offered will include specific terms relating to the offering. Such prospectus supplement will include:

- the title and stated or par value of the preferred stock;
- the number of shares of the preferred stock offered, the liquidation preference per share and the offering price of the preferred stock;
- the dividend rate(s), period(s) and/or payment date(s) or method(s) of calculation thereof applicable to the preferred stock;
- whether dividends shall be cumulative or non-cumulative and, if cumulative, the date from which dividends on the preferred stock shall accumulate;
- the provisions for a sinking fund, if any, for the preferred stock;
- any voting rights of the preferred stock;
- the provisions for redemption, if applicable, of the preferred stock and any restriction on the repurchase or redemption of shares by the Company while there is any arrearage in the payment of dividends or sinking fund installments;
- any listing of the preferred stock on any securities exchange;
- the terms and conditions, if applicable, upon which the preferred stock will be convertible into our common stock, including the conversion price or the manner of calculating the conversion price and conversion period;
- if appropriate, a discussion of Federal income tax consequences applicable to the preferred stock; and
- any other specific terms, preferences, rights, limitations or restrictions of the preferred stock.

The terms, if any, on which the preferred stock may be convertible into or exchangeable for our common stock will also be stated in the preferred stock prospectus supplement. The terms will include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at our option, and may include provisions pursuant to which the number of shares of our common stock to be received by the holders of preferred stock would be subject to adjustment.

When we issue shares of preferred stock, the shares will be fully paid and non-assessable, which means the full purchase price of the shares will have been paid and holders of the shares will not be assessed any additional monies for the shares. Unless the applicable prospectus supplement indicates otherwise, each series of the preferred stock will rank equally with any outstanding shares of our preferred stock and each other series of the preferred stock. Unless the applicable prospectus supplement states otherwise, the preferred stock will have no preemptive rights to subscribe for any additional securities which are issued by us, meaning, the holders of shares of preferred stock will have no right to buy any portion of the issued securities.

In addition, unless the applicable prospectus indicates otherwise, we will have the right to “reopen” a previous issue of a series of preferred stock by issuing additional preferred stock of such series.

The transfer agent, registrar, dividend disbursing agent and redemption agent for shares of each series of preferred stock will be named in the prospectus supplement relating to such series.

DESCRIPTION OF DEBT SECURITIES

We may issue debt securities under an indenture between us and a U.S. banking institution, as the indenture trustee. Each indenture will be subject to, and governed by, the Trust Indenture Act of 1939, as amended, and we may supplement the indenture from time to time after we execute them.

This prospectus summarizes the material provisions of the indenture and the debt securities that we may issue under an indenture. This summary may not describe all of the provisions of the indenture or of any of the debt securities that might be important to you. For additional information, you should carefully read the forms of indenture that are incorporated by reference as an exhibit to the registration statement of which this prospectus forms a part.

When we offer to sell a particular series of debt securities, we will describe the specific terms of those debt securities in a supplement to this prospectus. We will also indicate in the supplement whether the general terms in this prospectus apply to a particular series of debt securities. Accordingly, for a description of the terms of a particular issue of debt securities, you should carefully read this prospectus and the applicable supplement.

Terms

The prospectus supplement will describe the debt securities and the price or prices at which we will offer the debt securities. The description will include:

- the title and form of the debt securities;
- any limit on the aggregate principal amount of the debt securities or the series of which they are a part;
- the person to whom any interest on a debt security of the series will be paid;
- the date or dates on which we must repay the principal;
- the rate or rates at which the debt securities will bear interest;
- the date or dates from which interest will accrue, and the dates on which we must pay interest;
- the place or places where we must pay the principal and any premium or interest on the debt securities;
- the terms and conditions on which we may redeem any debt security, if at all;
- any obligation to redeem or purchase any debt securities, and the terms and conditions on which we must do so;
- the denominations in which we may issue the debt securities;
- the manner in which we will determine the amount of principal of or any premium or interest on the debt securities;
- the currency in which we will pay the principal of and any premium or interest on the debt securities;
- the principal amount of the debt securities that we will pay upon declaration of acceleration of their maturity;
- the amount that will be deemed to be the principal amount for any purpose, including the principal amount that will be due and payable upon any maturity or that will be deemed to be outstanding as of any date;

- if applicable, that the debt securities are defeasible and the terms of such defeasance;
- if applicable, the terms of any right to convert debt securities into, or exchange debt securities for, shares of our debt securities, common stock, or other securities or property;
- whether we will issue the debt securities in the form of one or more global securities and, if so, the respective depositaries for the global securities and the terms of the global securities;
- the subordination provisions that will apply to any subordinated debt securities;
- any addition to or change in the events of default applicable to the debt securities and any change in the right of the trustee or the holders to declare the principal amount of any of the debt securities due and payable;
- any addition to or change in the covenants in the indentures; and
- any other terms of the debt securities not inconsistent with the applicable indentures.

We may sell the debt securities at a substantial discount below their stated principal amount. We will describe U.S. federal income tax considerations, if any, applicable to debt securities sold at an original issue discount in the prospectus supplement. An “original issue discount security” is any debt security sold for less than its face value, and which provides that the holder cannot receive the full face value if maturity is accelerated. The prospectus supplement relating to any original issue discount securities will describe the particular provisions relating to acceleration of the maturity upon the occurrence of an event of default. In addition, we will describe U.S. federal income tax or other considerations applicable to any debt securities that are denominated in a currency or unit other than U.S. dollars in the prospectus supplement.

Conversion and Exchange Rights

The prospectus supplement will describe, if applicable, the terms on which you may convert debt securities into or exchange them for debt securities, common stock, or other securities or property. The conversion or exchange may be mandatory or may be at your option. The prospectus supplement will describe how the amount of debt securities, number of shares of common stock, or other securities or property to be received upon conversion or exchange would be calculated.

Senior Debt Securities

Payment of the principal, premium, if any, and interest on senior debt securities will rank with all of our other unsecured and unsubordinated debt securities.

Subordinated Debt Securities

Payment of the principal, premium, if any, and interest on subordinated debt securities will be junior in right of payment to the prior payment in full of all of our unsubordinated debt. We will set forth in the applicable prospectus supplement relating to any subordinated debt securities the subordination terms of such securities as well as the aggregate amount of outstanding debt, as of the most recent practicable date, that by its terms would be senior to the subordinated debt securities. We will also set forth in such prospectus supplement limitations, if any, on issuance of additional senior debt.

Form, Exchange, and Transfer

We will issue debt securities only in fully registered form, without coupons, and only in denominations of \$1,000 and integral multiples thereof, unless the prospectus supplement provides otherwise. The holder of a debt security may elect, subject to the terms of the indentures and the limitations applicable to global securities, to exchange them for other debt securities of the same series of any authorized denomination and of similar terms and aggregate principal amount.

Holders of debt securities may present them for exchange as provided above or for registration of transfer, duly endorsed or with the form of transfer duly executed, at the office of the transfer agent we designate for that purpose. We will not impose a service charge for any registration of transfer or exchange of debt securities, but we may require a payment sufficient to cover any tax or other governmental charge payable in connection with the transfer or exchange. We will name the transfer agent in the prospectus supplement. We may designate additional transfer agents or rescind the designation of any transfer agent or approve a change in the office through which any transfer agent acts, but we must maintain a transfer agent in each place where we will make payment on debt securities.

If we redeem the debt securities, we will not be required to issue, register the transfer of or exchange any debt security during a specified period prior to mailing a notice of redemption. We are not required to register the transfer of or exchange of any debt security selected for redemption, except the unredeemed portion of the debt security being redeemed.

Global Securities

The debt securities may be represented, in whole or in part, by one or more global securities that will have an aggregate principal amount equal to that of all debt securities of that series. Each global security will be registered in the name of a depository identified in the prospectus supplement. We will deposit the global security with the depository or a custodian, and the global security will bear a legend regarding the restrictions on exchanges and registration of transfer.

No global security may be exchanged in whole or in part for debt securities registered, and no transfer of a global security in whole or in part may be registered, in the name of any person other than the depository or any nominee or successor of the depository unless:

- the depository is unwilling or unable to continue as depository; or
- the depository is no longer in good standing under the Exchange Act or other applicable statute or regulation.

The depository will determine how all securities issued in exchange for a global security will be registered.

As long as the depository or its nominee is the registered holder of a global security, we will consider the depository or the nominee to be the sole owner and holder of the global security and the underlying debt securities. Except as stated above, owners of beneficial interests in a global security will not be entitled to have the global security or any debt security registered in their names, will not receive physical delivery of certificated debt securities and will not be considered to be the owners or holders of the global security or underlying debt securities. We will make all payments of principal, premium and interest on a global security to the depository or its nominee. The laws of some jurisdictions require that some purchasers of securities take physical delivery of such securities in definitive form. These laws may prevent you from transferring your beneficial interests in a global security.

Only institutions that have accounts with the depository or its nominee and persons that hold beneficial interests through the depository or its nominee may own beneficial interests in a global security. The depository will credit, on its book-entry registration and transfer system, the respective principal amounts of debt securities represented by the global security to the accounts of its participants. Ownership of beneficial interests in a global security will be shown only on, and the transfer of those ownership interests will be effected only through, records maintained by the depository or any such participant.

The policies and procedures of the depositary may govern payments, transfers, exchanges and others matters relating to beneficial interests in a global security. We and the trustee will assume no responsibility or liability for any aspect of the depositary's or any participant's records relating to, or for payments made on account of, beneficial interests in a global security.

Payment and Paying Agents

We will pay principal and any premium or interest on a debt security to the person in whose name the debt security is registered at the close of business on the regular record date for such interest.

We will pay principal and any premium or interest on the debt securities at the office of our designated paying agent. Unless the prospectus supplement indicates otherwise, the corporate trust office of the trustee will be the paying agent for the debt securities.

Any other paying agents we designate for the debt securities of a particular series will be named in the prospectus supplement. We may designate additional paying agents, rescind the designation of any paying agent or approve a change in the office through which any paying agent acts, but we must maintain a paying agent in each place of payment for the debt securities.

The paying agent will return to us all money we pay to it for the payment of the principal, premium or interest on any debt security that remains unclaimed for a specified period. Thereafter, the holder may look only to us for payment, as an unsecured general creditor.

Consolidation, Merger, and Sale of Assets

Under the terms of the indentures, so long as any securities remain outstanding, we may not consolidate or enter into a share exchange with or merge into any other person, in a transaction in which we are not the surviving corporation, or sell, convey, transfer or lease our properties and assets substantially as an entirety to any person, unless:

- the successor assumes our obligations under the debt securities and the indentures; and
- we meet the other conditions described in the indentures.

Events of Default

Each of the following will constitute an event of default under each indenture:

- failure to pay the principal of or any premium on any debt security when due;
- failure to pay any interest on any debt security when due, for more than a specified number of days past the due date;
- failure to deposit any sinking fund payment when due;
- failure to perform any covenant or agreement in the indenture that continues for a specified number of days after written notice has been given by the trustee or the holders of a specified percentage in aggregate principal amount of the debt securities of that series;
- events of bankruptcy, insolvency or reorganization; and
- any other event of default specified in the prospectus supplement.

Additional or different events of default applicable to a series of debt securities may be described in a prospectus supplement. An event of default of one series of debt securities is not necessarily an event of default for any other series of debt securities.

If an event of default occurs and continues, both the trustee and holders of a specified percentage in aggregate principal amount of the outstanding securities of that series may declare the principal amount of the debt securities of that series to be immediately due and payable. The holders of a majority in aggregate principal amount of the outstanding securities of that series may rescind and annul the acceleration if all events of default, other than the nonpayment of accelerated principal, have been cured or waived.

Except for its duties in case of an event of default, the trustee will not be obligated to exercise any of its rights or powers at the request or direction of any of the holders, unless the holders have offered the trustee reasonable indemnity. If they provide this indemnification and subject to conditions specified in the applicable indenture, the holders of a majority in aggregate principal amount of the outstanding securities of any series may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the debt securities of that series.

No holder of a debt security of any series may institute any proceeding with respect to the indentures, or for the appointment of a receiver or a trustee, or for any other remedy, unless:

- the holder has previously given the trustee written notice of a continuing event of default;
- the holders of a specified percentage in aggregate principal amount of the outstanding securities of that series have made a written request upon the trustee, and have offered reasonable indemnity to the trustee, to institute the proceeding;
- the trustee has failed to institute the proceeding for a specified period of time after its receipt of the notification; and
- the trustee has not received a direction inconsistent with the request within a specified number of days from the holders of a specified percentage in aggregate principal amount of the outstanding securities of that series.

Modification and Waiver

We and the trustee may change an indenture without the consent of any holders with respect to specific matters, including:

- to fix any ambiguity, defect or inconsistency in the indenture; and
- to change anything that does not materially adversely affect the interests of any holder of debt securities of any series.

In addition, under the indentures, the rights of holders of a series of notes may be changed by us and the trustee with the written consent of the holders of at least a majority in aggregate principal amount of the outstanding debt securities of each series that is affected. However, we and the trustee may only make the following changes with the consent of the holder of any outstanding debt securities affected:

- extending the fixed maturity of the series of notes;
- reducing the principal amount, reducing the rate of or extending the time of payment of interest, or any premium payable upon the redemption, of any debt securities; or
- reducing the percentage of debt securities the holders of which are required to consent to any amendment.

The holders of a majority in principal amount of the outstanding debt securities of any series may waive any past default under the indenture with respect to debt securities of that series, except a default in the payment of principal, premium or interest on any debt security of that series or in respect of a covenant or provision of the indenture that cannot be amended without each holder's consent.

Except in limited circumstances, we may set any day as a record date for the purpose of determining the holders of outstanding debt securities of any series entitled to give or take any direction, notice, consent, waiver or other action under the indentures. In limited circumstances, the trustee may set a record date. To be effective, the action must be taken by holders of the requisite principal amount of such debt securities within a specified period following the record date.

Defeasance

To the extent stated in the prospectus supplement, we may elect to apply the provisions in the indentures relating to defeasance and discharge of indebtedness, or to defeasance of restrictive covenants, to the debt securities of any series. The indentures provide that, upon satisfaction of the requirements described below, we may terminate all of our obligations under the debt securities of any series and the applicable indenture, known as legal defeasance, other than our obligation:

- to maintain a registrar and paying agents and hold monies for payment in trust;
- to register the transfer or exchange of the notes; and
- to replace mutilated, destroyed, lost or stolen notes.

In addition, we may terminate our obligation to comply with any restrictive covenants under the debt securities of any series or the applicable indenture, known as covenant defeasance.

We may exercise our legal defeasance option even if we have previously exercised our covenant defeasance option. If we exercise either defeasance option, payment of the notes may not be accelerated because of the occurrence of events of default.

To exercise either defeasance option as to debt securities of any series, we must irrevocably deposit in trust with the trustee money and/or obligations backed by the full faith and credit of the United States that will provide money in an amount sufficient in the written opinion of a nationally recognized firm of independent public accountants to pay the principal of, premium, if any, and each installment of interest on the debt securities. We may only establish this trust if, among other things:

- no event of default shall have occurred or be continuing;
- in the case of legal defeasance, we have delivered to the trustee an opinion of counsel to the effect that we have received from, or there has been published by, the Internal Revenue Service a ruling or there has been a change in law, which in the opinion of our counsel, provides that holders of the debt securities will not recognize gain or loss for federal income tax purposes as a result of such deposit, defeasance and discharge and will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if such deposit, defeasance and discharge had not occurred;
- in the case of covenant defeasance, we have delivered to the trustee an opinion of counsel to the effect that the holders of the debt securities will not recognize gain or loss for federal income tax purposes as a result of such deposit, defeasance and discharge and will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if such deposit, defeasance and discharge had not occurred; and
- we satisfy other customary conditions precedent described in the applicable indenture.

Notices

We will mail notices to holders of debt securities as indicated in the prospectus supplement.

Title

We may treat the person in whose name a debt security is registered as the absolute owner, whether or not such debt security may be overdue, for the purpose of making payment and for all other purposes.

Governing Law

The indentures and the debt securities will be governed by and construed in accordance with the laws of the State of New York.

Regarding the Trustee

In the event we issue debt securities under an indenture between us and a U.S. banking institution, as the indenture trustee, we will describe the name of the trustee(s) and the nature of any material relationship with us or with any of our affiliates; the percentage of securities of the class necessary to require the trustee to take action; and what indemnification the trustee may require before proceeding to enforce the lien, among other things, in a supplement to this prospectus. The trustee will have all the duties and responsibilities of an indenture trustee specified in the Trust Indenture Act. The trustee is not required to expend or risk its own funds or otherwise incur financial liability in performing its duties or exercising its rights and powers if it reasonably believes that it is not reasonably assured of repayment or adequate indemnity.

DESCRIPTION OF WARRANTS

General

The following description, together with the additional information we may include in any applicable prospectus supplements and free writing prospectuses, summarizes the material terms and provisions of the warrants that we may offer under this prospectus, which may consist of warrants to purchase common stock, preferred stock or debt securities and may be issued in one or more series. Warrants may be offered independently or in combination with common stock, preferred stock or debt securities, or as a part of units, offered by any prospectus supplement. While the terms we have summarized below will apply generally to any warrants that we may offer under this prospectus, we will describe the particular terms of any series of warrants in more detail in the applicable prospectus supplement. The following description of warrants will apply to the warrants offered by this prospectus unless we provide otherwise in the applicable prospectus supplement. The applicable prospectus supplement for a particular series of warrants may specify different or additional terms.

We will file as exhibits to the registration statement of which this prospectus is a part, or will incorporate by reference from reports that we file with the SEC, the form of warrant and/or the warrant agreement and warrant certificate, as applicable, that describe the terms of the particular series of warrants we are offering, and any supplemental agreements, before the issuance of such warrants. The following summaries of material terms and provisions of the warrants are subject to, and qualified in their entirety by reference to, all the provisions of the form of warrant and/or the warrant agreement and warrant certificate, as applicable, and any supplemental agreements applicable to a particular series of warrants that we may offer under this prospectus. We urge you to read the applicable prospectus supplement related to the particular series of warrants that we may offer under this prospectus, as well as any related free writing prospectuses, and the complete form of warrant and/or the warrant agreement and warrant certificate, as applicable, and any supplemental agreements, that contain the terms of the warrants.

The prospectus supplement relating to a particular series of warrants to purchase our common stock or preferred stock will describe the terms of the warrants, including the following:

- the title of the warrants;
- the offering price for the warrants, if any;
- the aggregate number of the warrants;
- the designation and terms of the common stock, preferred stock or debt securities that may be purchased upon exercise of the warrants;
- if applicable, the designation and terms of the securities with which the warrants are issued and the number of warrants issued with each security;
- if applicable, the date from and after which the warrants and any securities issued with the warrants will be separately transferable;
- the number of shares of common stock or preferred stock that may be purchased upon exercise of a warrant and the exercise price for the warrants;
- the dates on which the right to exercise the warrants shall commence and expire;
- if applicable, the minimum or maximum amount of the warrants that may be exercised at any one time;
- the currency or currency units in which the offering price, if any, and the exercise price are payable;
- if applicable, a discussion of material U.S. federal income tax considerations;
- the anti-dilution provisions of the warrants, if any;
- the redemption or call provisions, if any, applicable to the warrants;
- any provisions with respect to a holder's right to require us to repurchase the warrants upon a change in control; and
- any additional material terms of the warrants, including terms, procedures, and limitations relating to the exchange, exercise and settlement of the warrants.

Holders of warrants will not be entitled to:

- vote, consent or receive dividends;
- receive notice as shareholders with respect to any meeting of shareholders for the election of our directors or any other matter; or
- exercise any rights as shareholders of the Company.

Exercise of Warrants

Each warrant will entitle the holder to purchase the securities that we specify in the applicable prospectus supplement or free writing prospectus at the exercise price that we describe in the applicable prospectus supplement. Unless we otherwise specify in the applicable prospectus supplement, holders of the warrants may exercise the warrants at any time up to the specified time on the expiration date that we set forth in the applicable prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void.

Holders of the warrants may exercise the warrants by delivering the warrant or warrant certificate representing the warrants to be exercised together with specified information, and paying the required amount to the warrant agent, if applicable, in immediately available funds, as provided in the applicable prospectus supplement. We will set forth on the reverse side of any warrant certificate and in the applicable prospectus supplement the information that the holder of the warrant will be required to deliver to any warrant agent.

Upon receipt of the required payment and any warrant certificate properly completed and duly executed at the corporate trust office of any warrant agent or any other office indicated in the applicable prospectus supplement, we will issue and deliver the securities purchasable upon such exercise. If fewer than all of the warrants represented by a warrant certificate are exercised, then we will issue a new warrant certificate for the remaining amount of warrants. If we so indicate in the applicable prospectus supplement, holders of the warrants may surrender securities as all or part of the exercise price for warrants.

Enforceability of Rights by Holders of Warrants

Each warrant agent, if any, will act solely as our agent under the applicable warrant agreement and will not assume any obligation or relationship of agency or trust with any holder of any warrant. A single bank or trust company may act as warrant agent for more than one issue of warrants. A warrant agent will have no duty or responsibility in case of any default by us under the applicable warrant agreement or warrant, including any duty or responsibility to initiate any proceedings at law or otherwise, or to make any demand upon us. Any holder of a warrant may, without the consent of the related warrant agent or the holder of any other warrant, enforce by appropriate legal action its right to exercise, and receive the securities purchasable upon exercise of, its warrants.

Amendments and Supplements to Warrant Agreements

We and the relevant warrant agent may, with the consent of the holders of at least a majority in number of the outstanding unexercised warrants affected, modify or amend the warrant agreement and the terms of the warrants. However, the warrant agreements may be amended or supplemented without the consent of the holders of the warrants issued thereunder to effect changes that are not inconsistent with the provisions of the warrants and that do not adversely affect the interests of the holders of the warrants. Notwithstanding the foregoing, no such modification or amendment may, without the consent of the holders of each warrant affected:

- reduce the amount receivable upon exercise, cancellation or expiration;
- shorten the period of time during which the warrants may be exercised;
- otherwise materially and adversely affect the exercise rights of the beneficial owners of the warrants; or
- reduce the percentage of outstanding warrants whose holders must consent to modification or amendment of the applicable warrant agreement or the terms of the warrants.

Anti-dilution and Other Adjustments

Unless otherwise indicated in the applicable prospectus supplement, the exercise price of, and the number of shares of common stock covered by a warrant, are subject to adjustment in certain events, including:

- the issuance of common stock as a dividend or distribution on the common stock;
- subdivisions and combinations of the common stock (or as applicable to warrants to purchase preferred stock and the preferred stock);

- the issuance to all holders of common stock of capital stock rights entitling them to subscribe for or purchase common stock within 45 days after the date fixed for the determination of the stockholders entitled to receive such capital stock rights, at less than the current market price; and
- the distribution to all holders of common stock of evidences of our indebtedness or assets (excluding certain cash dividends and distributions described below) or rights or warrants (excluding those referred to above).

We may, in lieu of making any adjustment in the exercise price of, and the number of shares of common stock covered by, a warrant, make proper provision so that each holder of such warrant who exercises such warrant (or any portion thereof):

- before the record date for such distribution of separate certificates, shall be entitled to receive upon such exercise shares of common stock issued with capital stock rights; and
- after such record date and prior to the expiration, redemption or termination of such capital stock rights, shall be entitled to receive upon such exercise, in addition to the shares of common stock issuable upon such exercise, the same number of such capital stock rights as would a holder of the number of shares of common stock that such warrants so exercised would have entitled the holder thereof to acquire in accordance with the terms and provisions applicable to the capital stock rights if such warrant was exercised immediately prior to the record date for such distribution.

Common stock owned by or held for our account or for the account of any of our majority owned subsidiaries will not be deemed outstanding for the purpose of any adjustment.

No adjustment in the exercise price of, and the number of shares of common stock covered by, a warrant will be made for regular quarterly or other periodic or recurring cash dividends or distributions of cash dividends or distributions to the extent paid from retained earnings. Except as stated above, the exercise price of, and the number of shares of common stock covered by, a warrant will not be adjusted for the issuance of common stock or any securities convertible into or exchangeable for common stock, or securities carrying the right to purchase any of the foregoing.

In the case of a reclassification or change of the common stock, a consolidation or merger involving us or sale or conveyance to another corporation of our property and assets as an entirety or substantially as an entirety, in each case as a result of which holders of our common stock shall be entitled to receive stock, securities, other property or assets (including cash) with respect to or in exchange for such common stock, the holders of the warrants then outstanding will be entitled thereafter to convert such warrants into the kind and number of shares of stock and amount of other securities or property which they would have received upon such reclassification, change, consolidation, merger, sale or conveyance had such warrants been exercised immediately prior to such reclassification, change, consolidation, merger, sale or conveyance.

Governing Law

Unless we provide otherwise in the applicable prospectus supplement, the warrants and warrant agreements will be governed by and construed in accordance with the laws of the State of Texas.

DESCRIPTION OF UNITS

We may issue, in one more series, units consisting of common stock, preferred stock, debt securities and/or warrants for the purchase of common stock, preferred stock and/or debt securities in any combination in such amounts and in such numerous distinct series as we determine. While the terms we have summarized below will apply generally to any units that we may offer under this prospectus, we will describe the particular terms of any series of units in more detail in the applicable prospectus supplement. The terms of any units offered under a prospectus supplement may differ from the terms described below.

We will file as exhibits to the registration statement of which this prospectus is a part, or will incorporate by reference from reports that we file with the SEC, the form of unit agreement that describes the terms of the series of units we are offering, and any supplemental agreements, before the issuance of the related series of units. The following summaries of material terms and provisions of the units are subject to, and qualified in their entirety by reference to, all the provisions of the unit agreement and any supplemental agreements applicable to a particular series of units. We urge you to read the applicable prospectus supplements related to the particular series of units that we may offer under this prospectus, as well as any related free writing prospectuses and the complete unit agreement and any supplemental agreements that contain the terms of the units.

Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately, at any time or at any time before a specified date.

We will describe in the applicable prospectus supplement the terms of the series of units being offered, including:

- the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately;
- any provisions of the governing unit agreement that differ from those described below; and
- any provisions for the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising the units.

The provisions described in this section, as well as those described under "Description of Capital Stock," "Description of Debt Securities" and "Description of Warrants" will apply to each unit and to any common stock, preferred stock, debt security or warrant included in each unit, respectively.

Each unit agent will act solely as our agent under the applicable unit agreement and will not assume any obligation or relationship of agency or trust with any holder of any unit. A single bank or trust company may act as unit agent for more than one series of units. A unit agent will have no duty or responsibility in case of any default by us under the applicable unit agreement or unit, including any duty or responsibility to initiate any proceedings at law or otherwise, or to make any demand upon us. Any holder of a unit may, without the consent of the related unit agent or the holder of any other unit, enforce by appropriate legal action its rights as holder under any security included in the unit.

We, and any unit agent and any of their agents, may treat the registered holder of any unit certificate as an absolute owner of the units evidenced by that certificate for any purpose and as the person entitled to exercise the rights attaching to the units so requested, despite any notice to the contrary.

Issuance in Series

We may issue units in such amounts and in as many distinct series as we wish. This section summarizes terms of the units that apply generally to all series. Most of the financial and other specific terms of a particular series will be described in the prospectus supplement.

PLAN OF DISTRIBUTION

We may sell the securities offered by this prospectus in any one or more of the following ways from time to time:

- directly to investors, including through a specific bidding, auction or other process or in privately negotiated transactions;
- to investors through agents;
- directly to agents;
- to or through brokers or dealers;
- to the public through underwriting syndicates led by one or more managing underwriters;
- to one or more underwriters acting alone for resale to investors or to the public;
- through a block trade in which the broker or dealer engaged to handle the block trade will attempt to sell the securities as agent, but may position and resell a portion of the block as principal to facilitate the transaction;
- through agents on a best-efforts basis; and
- through a combination of any such methods of sale.

We may also sell the securities offered by this prospectus in "at the market offerings" within the meaning of Rule 415(a)(4) of the Securities Act, to or through a market maker or into an existing trading market, on an exchange or otherwise.

Sales may be effected in transactions:

- on any national securities exchange or quotation service on which the securities may be listed or quoted at the time of sale, including the NYSE MKT in the case of shares of our common stock;
- in the over-the-counter market;
- in transactions otherwise than on such exchanges or services or in the over-the-counter market;
- through the writing of options; or
- through the settlement of short sales.

We will provide in the applicable prospectus supplement the terms of the offering and the method of distribution and will identify any firms acting as underwriters, dealers or agents in connection with the offering, including:

- the name or names of any underwriters, dealers or agents;
- the amount of securities underwritten;
- the purchase price of the securities and the proceeds to us from the sale;
- any over-allotment options under which underwriters may purchase additional securities from us;

- any underwriting discounts and other items constituting compensation to underwriters, dealers or agents;
- any public offering price;
- any discounts or concessions allowed or reallocated or paid to dealers;
- any material relationships between the underwriters and the Company; and
- any securities exchange or market on which the securities offered in the prospectus supplement may be listed.

In connection with the sale of the securities, we or the purchasers of securities for whom the underwriter may act as agent, may compensate the underwriter in the form of underwriting discounts or commissions.

Any underwritten offering may be on a best efforts or a firm commitment basis. Underwriters, dealers and agents participating in the securities distribution may be deemed to be underwriters, and any discounts and commissions they receive and any profit they realize on the resale of the securities may be deemed to be underwriting discounts and commissions under the Securities Act. Underwriters and their controlling persons, dealers and agents may be entitled, under agreements entered into with us, to indemnification against and contribution toward specific civil liabilities, including liabilities under the Securities Act.

The distribution of the securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at varying prices determined at the time of sale, or at prices determined as the applicable prospectus supplement specifies.

In connection with the sale of the securities, underwriters, dealers or agents may be deemed to have received compensation from us in the form of underwriting discounts or commissions and also may receive commissions from securities purchasers for whom they may act as agent. Underwriters may sell the securities to or through dealers, and the dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters or commissions from the purchasers for whom they may act as agent.

Unless otherwise specified in the related prospectus supplement, each series of securities will be a new issue with no established trading market, other than shares of common stock of the Company, which are listed on the NYSE MKT. Any common stock sold pursuant to a prospectus supplement will be listed on the NYSE MKT, subject to official notice of issuance. We may elect to list any series of debt securities or preferred stock, on an exchange, but we are not obligated to do so. It is possible that one or more underwriters may make a market in the securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of, or the trading market for, any offered securities.

In connection with an offering, the underwriters may purchase and sell securities in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of securities than they are required to purchase in an offering. Stabilizing transactions consist of bids or purchases made for the purpose of preventing or retarding a decline in the market price of the securities while an offering is in progress. The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the underwriters have repurchased securities sold by or for the account of that underwriter in stabilizing or short-covering transactions. These activities by the underwriters may stabilize, maintain or otherwise affect the market price of the securities. As a result, the price of the securities may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. Underwriters may engage in over-allotment. If any underwriters create a short position in the securities in an offering in which they sell more securities than are set forth on the cover page of the applicable prospectus supplement, the underwriters may reduce that short position by purchasing the securities in the open market.

Underwriters, dealers or agents that participate in the offer of securities, or their affiliates or associates, may have engaged or engage in transactions with and perform services for, us or our affiliates in the ordinary course of business for which they may have received or receive customary fees and reimbursement of expenses.

We may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement so indicates, in connection with any derivative transaction, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third party in such sale transactions will be an underwriter and, if not identified in this prospectus, will be identified in the applicable prospectus supplement or a post-effective amendment to the registration statement of which this prospectus is a part. In addition, we may otherwise loan or pledge securities to a financial institution or other third party that in turn may sell the securities short using this prospectus. Such financial institution or other third party may transfer its economic short position to investors in our securities or in connection with a concurrent offering of other securities.

The specific terms of any lock-up provisions in respect of any given offering will be described in the applicable prospectus supplement.

The underwriters, dealers and agents may engage in transactions with us, or perform services for us, in the ordinary course of business for which they receive compensation.

LEGAL MATTERS

The validity of the securities offered by this prospectus have been passed upon for us by Woodburn and Wedge. Additional legal matters may be passed upon for us, any underwriters, dealers or agents, by counsel that we will name in the applicable prospectus supplement.
