REVOCABILITY OF PROXIES

A shareholder may revoke any proxy at any time before its exercise by delivery of a written revocation to the President of the Company or a duly executed proxy bearing a later date. Attendance at the Annual Meeting will not itself be deemed to revoke a proxy unless the shareholder gives affirmative notice at the Meeting that the shareholder intends to revoke the proxy and vote in person.

If no choice is specified, the shares will be voted: (i) FOR the election of Directors as listed in Proposal No. 1 of this proxy statement; (ii) FOR approval of the Lucas Energy, Inc. 2010 Long Term Incentive Plan as described in Proposal No. 2; (iii) FOR the acquisition of oil and gas properties from El Tex through the issuance of shares of common stock to El Tex, and the Company's assumption of debt related thereto and issuance of shares of Lucas common stock to a Company director to convert the debt into shares of common stock in the Company as further described in Proposal No. 3; (iv) FOR ratification of the issuance of shares of common stock to Company officers and directors; (v) FOR approval of a charter amendment to the Company's Articles of Incorporation to increase the number of authorized shares of common stock from 25,000,000 to 100,000,000 shares as described in Proposal No. 5; and (vi) FOR an amendment to Company's Articles of Incorporation to authorize the Board to issue shares of preferred stock.

The cost of soliciting proxies will be borne by the Company. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners. Proxies may also be solicited by certain of the Company's Directors, officers and regular employees, without additional compensation, personally or by telephone, telegram, letter or facsimile. QUORUM; ABSTENTIONS; BROKER NON-VOTES

At the Annual Meeting, the presence, in person or by proxy, of shareholders owning a majority of the shares of Common Stock issued and outstanding on the Record Date shall constitute a quorum for the transaction of business at the Annual Meeting. Shares of Common Stock present in person or represented by proxy (including shares which abstain or do not vote with respect to one or more of the matters presented for shareholder approval) will be counted for purposes of determining whether a quorum exists at the Annual Meeting.

If a quorum is present, the affirmative vote of the holders of a majority of the votes cast by the shareholders entitled to vote at the Annual Meeting is required to approve any proposal submitted at the Annual Meeting, including the election of Directors, except that the affirmative vote of a majority of the outstanding shares of Common Stock will be required to amend the Company's Articles of Incorporation under Proposal No. 5 and Proposal No. 6. Although the Company will include abstentions and broker non-votes as present or represented for purposes of establishing a quorum for the transaction of business, the Company intends to exclude abstentions and broker non-votes from the tabulation of voting results on the election of Directors or on any other issues requiring approval of a majority of the votes cast.

PROPOSAL NO. 2

APPROVAL OF THE LUCAS ENERGY, INC. 2010 LONG TERM INCENTIVE PLAN

The Board of Directors believes it is in the best interest of the Company and the stockholders to make available and maintain a long term equity based incentive compensation program while minimizing the overall dilutive effect of such awards on its stockholders. The Lucas Energy, Inc. 2010 Long Term Incentive Plan (the "Plan") accomplishes these goals, while providing the flexibility needed to meet the Company's future compensation needs. The following summary of certain features of the Plan is qualified in its entirety by reference to the full text of the Plan, which is attached to this proxy statement as Exhibit A.

Purpose and Eligibility

The purpose of the Plan is to further and promote the interests of the Company, its subsidiaries, and its stockholders by enabling the Company and its subsidiaries to attract, retain and motivate employees, non-employee directors and consultants, and to align the interests of those individuals with the interests of Company's stockholders. Employees, non-employee directors, and consultants of the Company and its subsidiaries are eligible to participate in the Plan.

Shares Authorized for Issuance

Under the Plan, 750,000 shares of the Company's common stock are authorized for initial issuance. The number of shares available under the Plan will be reduced by one for each share delivered pursuant to an award under the Plan. Any shares that become available due to expiration, forfeiture, surrender, cancellation, termination or settlement in cash of an award under the Plan may be requested and used as part of a new award under the Plan.

Administration and Types of Awards

The Plan is administered by the Compensation Committee of the Board of Directors, unless the Board of Directors selects a different committee. The Committee interprets the Plan and has broad discretion to select the eligible persons to whom awards will be granted, as well as the type, size and terms and conditions of each award, including the exercise price of stock options, the number of shares subject to awards, the expiration date of awards, and the vesting schedule or other restrictions applicable to awards. The Plan allows the Company to grant the following types of awards: (1) incentive stock options, (2) non-qualified stock options, and (3) restricted shares.

Stock Options. Stock options may be granted by the Committee and may be either non-qualified options or incentive stock options. Stock options are subject to the terms and conditions, including vesting conditions, set by the Committee (and incentive stock options are subject to further statutory restrictions that will be set forth in the grant agreement for those options). The exercise price for all stock options granted under the Plan will be determined by the Committee, except that no stock options can be granted with an exercise price that is less than 100% of the fair market value of the Company's common stock on the date of grant. Further, stockholders who own greater than 10% of the Company's voting stock will not be granted incentive stock options that have an exercise price less than 110% of the fair market value of the Company's common stock on the date of grant.

The term of all stock options granted under the Plan will be determined by the Committee, but the term of an incentive stock option may not exceed 10 years (five years for incentive stock options granted to stockholders who own greater than 10% of the Company's voting stock). Each stock option gives the grantee the right to receive a number of shares of the Company's common stock upon exercise of the stock option and payment of the exercise price. The exercise price may be paid in cash, by certified check, bank draft, or money order payable to the order of the Company, or, if approved by the Committee, shares of the Company's common stock. The Committee may also permit other ways for a grantee to pay the exercise price. Additionally, the Plan allows the Committee to determine that dividend equivalents will be paid with respect to stock options, and these will generally be paid when dividends are paid to stockholders.

Restricted Shares. Restricted shares are shares of the Company's common stock that are forfeitable until the applicable restrictions lapse. The Committee will determine the restrictions for each award and the restrictions may be based on the passage of time or the achievement of specific performance goals. If the performance goals are not achieved or the restrictions do not lapse within the time period provided in the award agreement, the grantee will forfeit his or her restricted shares. Unless the Committee determines otherwise, a grantee will have stockholder rights with respect to his or her restricted shares, including the right to vote the shares and receive dividends on them. Any stock dividends on restricted shares are subject to the same restrictions that apply to those restricted shares.

The Committee determines how any awards granted under the Plan will vest. Unless an award agreement provides otherwise, restricted shares that vest based on the passage of time will become 25% vested on the first day of the fourth month following the date of grant; cumulative 50% vested on the first anniversary of the date of grant; cumulative 75% on the second anniversary of the date of grant; and cumulative 100% vested on the third anniversary of the grant date. This means that an award will be fully vested on the third anniversary of its grant date (unless the Committee provided a different vesting schedule in the award agreement).

Performance-Based Compensation

Any restricted shares granted under the Plan that are designed to qualify for the performance-based exception from the tax deductibility limitations of Section 162(m) of the federal tax code will be based on objective performance criteria and will be based on one or more of the following measures:

- oil and gas reserve growth,
- production levels,
- revenues,
- earnings per share,
- net income,
- EBITDA,
- return on assets or equity,
- return on capital or shareholder returns,
- market valuation,
- cash flows,
- performance relative to peer companies,
- capital expenditure control and management,
- management of lease operating expenses,
- completion of strategic alliances, joint ventures,
- success of acquisitions and/or divestitures.

In any calendar year, no individual may be granted awards for stock options that exceed, in the aggregate 20% of the shares of common stock authorized for issuance under the Plan. In any calendar year, no individual may be granted awards for restricted shares that exceed 20% of the shares of common stock authorized under the Plan. These limits may be adjusted by the Committee if necessary for the Plan to comply with the requirements for deductibility of awards subject to Section 162(m) of the federal tax code.

Termination of Service

With respect to stock options granted under the Plan, unless the applicable award agreement provides otherwise, in the event of a grantee's termination of service due to his or her death or disability, that the grantee's stock options will vest in their entirety and remain exercisable until one year after such termination of service (but not beyond the original term of the stock option); and thereafter, all stock options will be cancelled and forfeited to the Company. Unless the applicable award agreement provides otherwise, in the event the Company terminates a grantee's service without cause, the grantee's vested stock options (to the extent exercisable at the time of such termination) will remain exercisable until one-hundred eighty (180) days after such termination (but not beyond the original term of the option). Additionally, in such circumstance of involuntary termination without cause, all grantee's stock options that would have vested during the one-hundred eighty (180) day period following termination also vests to grantee and may be exercised by the grantee. Thereafter, grantee unexercised stock options will be cancelled and forfeited to the Company.

In the event of a grantee's termination of service for cause, the grantee's outstanding unvested stock options will immediately be cancelled and forfeited to the Company. Upon grantee's termination with cause, the grantee has a period of forty-five (45) days after termination to exercise any outstanding vested options that grantee held at the time of termination. Unless the applicable award agreement provides otherwise, in the event of a grantee's termination of service for a reason other than those stated above, the grantee's stock options (to the extent exercisable at the time of such termination) will remain exercisable until ninety (90) days after such termination (but not beyond the original term of the option); and thereafter, will be cancelled and forfeited to the Company.

Unless the applicable award agreement for restricted shares provides otherwise, (1) upon a grantee's termination of service due to death or disability, all unvested shares will immediately vest and all restrictions will lapse; allowing the Company to release, clear and issue to grantee all shares of restricted stock held. In the event that grantee's separation from service other than due to death or disability, unless the applicable award agreement provides otherwise, the grantee forfeits all unvested restricted shares and the Company will release, clear and issue to grantee any restricted shares that the restriction(s) had been satisfied or lapsed.

For purposes of the Plan, "cause" means, as determined by the Committee, the occurrence of any one of the following: (1) any act of dishonesty, willful misconduct, gross negligence, intentional or conscious abandonment or neglect of duty; (2) a violation of any lawful policy or rule of the Company or one of its subsidiaries, including any applicable code of conduct; (3) commission of a criminal activity, fraud, embezzlement or any act of moral turpitude; (4) a failure to reasonably cooperate in any investigation or proceeding concerning the Company; (5) any unauthorized disclosure or use of confidential information or trade secrets; or (6) any violation of any restrictive covenant, such as a non-compete, non-solicit or non-disclosure agreement, between a grantee and the Company or any of its subsidiaries. However, if a grantee who is an employee of the Company or one of its subsidiaries is subject to an employment agreement that contains a different definition of "cause," the definition contained in the employment agreement will control.

For purposes of the Plan, "disability" generally means the Committee's determination that a grantee is totally and permanently incapable of performing his or her duties due to a physical or mental illness or condition.

Amendment and Termination

The Plan will automatically terminate on the 10th anniversary of the date the Company's shareholder approval of the Plan. However, prior to that date, the Company's Board of Directors may amend or terminate the Plan as it deems advisable, but it cannot adopt an amendment if it would (1) without the grantee's consent, materially and adversely affect that grantee's award; or (2) without stockholder approval, increase the numbers of shares of the Company's common stock that can be awarded under the Plan. The Committee is permitted to amend the terms and provisions of outstanding awards if the amended terms and provisions would have been permissible when the award was granted, including extensions of the exercise period and acceleration of the vesting schedule of such awards. However, no such action may (1) materially and adversely affect the rights of any grantee with respect to outstanding awards without his or her written consent or (2) cause an award intended to qualify as performance-based compensation under Section 162(m) of the federal tax code to cease being qualified as that type of compensation.

Transferability

Unless otherwise determined by the Committee, awards granted under the Plan (1) are not transferable except by will or the laws of descent and distribution, and (2) are only exercisable by a grantee during his or her lifetime.

Change in Control/Capitalization

Adjustments. In the event of (1) changes in the outstanding stock or in the capital structure of the Company by reason of stock or extraordinary cash dividends, stock splits, reverse stock splits, recapitalization, reorganizations, mergers, consolidations, combinations, exchanges, or other relevant changes in capitalization occurring after the date of grant of any award or (2) any change in applicable laws or any change in circumstances that results in, or would result in, any substantial dilution or enlargement of the rights granted to, or available for, grantees, or which otherwise warrants equitable adjustment because it interferes with the intended operation of the Plan, the Committee will adjust or substitute awards as it determines equitable.

Change in Control Treatment. If a change in control occurs, the Committee may (1) make any adjustments to an outstanding award to reflect that change in control, (2) cause the acquiring or surviving entity to assume or substitute rights with respect to an outstanding award, or (3) cancel any outstanding award and cause the grantee to be paid, in cash, securities, other property, or a combination of those, the value of the award as determined by the Committee in its sole discretion. For this purpose, the value of stock options will be based on the excess of the value of a share of the Company's common stock over the exercise price per share of the stock option. If an award is canceled in exchange for a payment, as described above, the Committee may impose vesting and/or exercisability terms on that payment similar to the terms that applied to the canceled award.

For purposes of the Plan, a "change in control" occurs when: (1) the Company is merged into or consolidated with another corporation or entity; (2) an acquisition of greater than fifty (50) percent of the Company outstanding stock in one or a series of transactions by an entity or affiliated entities in a six month period; (3) all or substantially all of the assets, or interests in the assets, of the Company are acquired by another person; (4) a change in the majority of the Board of Directors in a six month period; or (5) the Company is reorganized or liquidated.

Federal Tax Consequences

The following summary is based on U.S. federal income tax laws (the "Code") in effect as of January 1, 2010. Such laws and regulations are subject to change. This summary assumes that all awards will be exempt from the rules under Code Section 409A regarding nonqualified deferred compensation. If an award fails to comply with Code Section 409A, the award may be subject to immediate taxation, interest and tax penalties in the year the award vests or is granted. This summary does not constitute tax advice and does not address possible state, local or foreign tax consequences.

Stock Options. The grant of stock options under the Plan will not result in taxable income to the recipient of the option or an income tax deduction for the Company. However, the transfer of common stock to an option holder upon exercise of his or her stock options may or may not give rise to taxable income to the option holder and tax deductions for the Company, depending upon whether the stock options are incentive stock options or non-qualified options.

The exercise of a non-qualified option by an option holder generally results in immediate recognition of taxable ordinary income by the option holder and a corresponding tax deduction for the Company in the amount by which the fair market value of the shares of common stock purchased, on the date of such exercise, exceeds the aggregate exercise price paid. Any appreciation or depreciation in the fair market value of those shares after the date of such exercise will generally result in a capital gain or loss to the holder at the time he or she disposes of those shares.

In general, the exercise of an incentive stock option is exempt from income tax (although not from the alternative minimum tax) and does not result in a tax deduction for the Company if the option holder has been an employee at all times beginning with the stock option grant date and ending three months before the date the holder exercises the stock option (or twelve months in the case of termination of employment due to disability). If the option holder has not been so employed during that time, the option holder will be taxed as described above for nonqualified stock options. If the option holder disposes of the shares purchased more than two years after the incentive stock option was granted and more than one year after the option was exercised, then the option holder will recognize any gain or loss upon disposition of those shares as capital gain or loss. However, if the option holder disposes of the shares prior to satisfying these holding periods (known as “disqualifying dispositions”), the option holder will be obligated to report as taxable ordinary income for the year in which that disposition occurs the excess, with certain adjustments, of the fair market value of the shares disposed of, on the date the incentive stock option was exercised, over the exercise price paid for those shares. The Company would be entitled to a tax deduction equal to the amount of ordinary income reported by the option holder. Any additional gain realized by the option holder on the disqualifying disposition of the shares would be a capital gain. If the total amount realized in a disqualifying disposition is less than the exercise price of the incentive stock option, the difference would be a capital loss for the option holder.

Restricted Shares. Unless an election is made by the recipient under Code Section 83(b), a grantee will not recognize any taxable income upon the award of restricted shares that are not transferable and are subject to a substantial risk of forfeiture. Dividends paid with respect to restricted shares prior to the lapse of restrictions applicable to those shares will be taxable as compensation income to the grantee. Generally, the grantee will recognize taxable ordinary income at the first time those shares become transferable or are no longer subject to a substantial risk of forfeiture, in an amount equal to the fair market value of those shares when the restrictions lapse. The grantee's tax basis will be equal to the sum of the amount of ordinary income recognized upon the lapse of restrictions and any amount paid for such restricted shares. The recipient's holding period will commence on the date on which the restrictions lapse.

As indicated above, a grantee may elect, under Code Section 83(b), to recognize taxable ordinary income upon the award date of restricted shares (rather than being taxed as described above) based on the fair market value of the shares of common stock subject to the award on the date of the award. If a grantee makes that election, any dividends paid with respect to those restricted shares will not be treated as compensation income, but rather as dividend income, and the grantee will not recognize additional taxable income when the restrictions applicable to his or her restricted shares lapse. Assuming compliance with the applicable tax withholding and reporting requirements, the Company will be entitled to a tax deduction equal to the amount of ordinary income recognized by a grantee in connection with his or her restricted shares in the taxable year in which that grantee recognizes the ordinary income.

Section 162(m) of the Code. Under Code Section 162(m), the Company may be limited as to federal income tax deductions to the extent that total annual compensation in excess of \$1 million is paid to its Chief Executive Officer or any one of its other three highest-paid executive officers (other than the Chief Financial Officer) who are employed by the Company on the last day of the Company's taxable year. However, certain “performance-based compensation,” the material terms of which are disclosed to and approved by our stockholders, is not subject to this deduction limitation.

New Plan Benefits

The Company cannot determine the amounts of awards that will be granted under the Plan or the benefits of any awards to the executive officers named in the Summary Compensation Table provided herein in the proxy statement, the executive officers as a group, or employees who are not executive officers as a group. Under the terms of the Plan, the number of awards to be granted is within the discretion of the Committee.

The NYSE Amex rules (NYSE Amex Company Guide, Part 7. - Section 711) requires shareholder approval of the establishment of (or material amendment to) a stock option, purchase plan or other equity compensation arrangements in which options or stock is or may be acquired by officers or directors. The Plan permits the issuance of shares of common stock and stock options to Plan participants by the Company under a shareholder approved Plan; thus, eliminating the Company's need to solicit shareholder approval on a case by case basis for securities issued to directors, officers and consultants to the Company.

The Board of Directors believes that it is in the best interest of the Company and the stockholders to adopt and maintain a long term equity based incentive compensation plan that the Company can use to attract, retain and motivate employees, non-employee directors and consultants, that also aligns the Plan's participants' economic interests with those of the stockholders. Accordingly, the Company submits the 2010 Long Term Incentive Plan, a fully copy of which is attached in Exhibit A, to the shareholders for their approval.

Vote Required

The approval of the Plan requires the affirmative vote of the holders of a majority of the outstanding shares entitled to vote at the Annual Meeting, in person or by proxy. For the approval of the Plan, you may vote "FOR" or "AGAINST" or abstain from voting. If you hold your shares in your own name and abstain from voting on this matter, your abstention will have the effect of a vote "AGAINST" this amendment. If you hold your shares through a broker, bank, trustee or other nominee and you do not instruct them on how to vote on this proposal, your broker or other nominee will not have authority to vote your shares and such non-vote will have the effect of a vote "AGAINST" this amendment.

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE APPROVAL OF THE LUCAS ENERGY, INC. 2010 LONG TERM INCENTIVE PLAN.

PROPOSAL NO. 3

APPROVAL OF THE COMPANY'S ACQUISITION OF OIL AND GAS LEASE ACREAGE THROUGH THE ISSUANCE OF SHARES OF COMMON STOCK, AND THE COMPANY'S ASSUMPTION OF DEBT RELATED THERETO AND CONVERSION OF THE DEBT TO SHARES OF COMMON STOCK.

The Company has entered into an agreement with El Tex Petroleum, LLC (the "Seller") that provides for its acquisition of approximately 2,771 gross oil and gas lease acreage (approx. 2,078 acres net to our interest) located in Wilson County, Texas. The leases have eight shut-in or plugged wellbores which are similar to Lucas existing wellbores that are located principally in Gonzales County, Texas. Company management has evaluated the wellbores and believes that they are good candidates for restoration and revitalization procedures. The leasehold, wellbore and surface equipment acquisition price totals approximately \$1.0 million with approximately \$490,000 of the consideration comprised from the issuance of Lucas common stock to the Seller (specifically 637,887 shares of common stock at \$0.77 per share), assumption of \$500,000 in debt and \$68,000 in cash.

One director of Lucas holds a direct interest in the Seller while a second director holds an indirect beneficial interest in the Seller, and both that hold interests in the Seller of greater than 5%. Pursuant to NYSE Amex exchange rules the issuance of common shares to the Seller in the acquisition must be approved by Lucas' shareholders. Section 712 of the NYSE Amex company guide provides that shareholder approval is required if any individual officer, director or substantial shareholder a company has a 5% or greater interest, directly or indirectly, in the company or the assets to be acquired or in the consideration to be paid in the transaction, and the present or potential issuance of common stock, or securities convertible into common stock, could result in an increase in outstanding common shares of 5% or more. The note holder of the debt assumed is a director of Lucas, and Lucas expects to extinguish the debt through the issuance of shares of common stock, which must also be approved by Lucas' shareholders.

Through December 31, 2009, Lucas has remitted \$68,000 cash to the Seller, and has expended approximately \$206,000, net to its interest, on the development of the aforementioned oil and gas properties. Total shares for which shareholder approval is requested are 637,887 shares of common stock to El Tex and 662,338 shares of common stock to the Lucas Chairman in exchange for debt due by El Tex to him that the Company assumed in the acquisition. Shares of common stock issued to El Tex for the oil and gas property acquisition, and of shares common stock to be issued in exchange for the El Tex debt assumed will have "piggy back" registration rights in the event that the Company files a registration statement before the Rule 144 holding period lapses. The acquisition agreement also contains a floor to El Tex on the value of the shares issued in the acquisition should the value of the Company's shares decline before registered or the Rule 144 holding period lapses in the form of a cash payment of up to \$250,000 to El Tex.

The Directors approved the El Tex transaction on September 5, 2009, and due to the Chairman's economic interest in El Tex and in the El Tex note payable, the Chairman abstained from the vote.

THE BOARD RECOMMENDS THAT THE SHAREHOLDERS APPROVE THE ISSUANCE OF SHARES OF COMMON STOCK TO EL TEX PETROLEUM, LLC FOR THE OIL AND GAS PROPERTY ACQUISITION, AND THE ISSUANCE OF SHARES OF COMMON STOCK TO THE LUCAS CHAIRMAN IN EXCHANGE FOR THE EL TEX DEBT ASSUMED BY LUCAS IN THE EL TEX PROPERTY ACQUISITION.

PROPOSAL NO. 4

RATIFICATION OF THE ISSUANCE OF SHARES OF COMMON STOCK TO OFFICERS AND DIRECTORS

The Company seeks shareholder ratification of the issuance of shares of common stock to a former director and former officer of the Company for services rendered during the Company's fiscal years ended March 31, 2008 and 2009 and to Company directors that purchased shares of common stock in a private equity placement made by the Company during the second half of the calendar year ended December 31, 2009. The Company is requesting shareholder ratification of the issuance of shares of common stock to the directors and officer as identified in the following table:

Common Shares	Date of Issuance	Name and Title	Dollars
7,500 (1)	5/13/2008	Eric Wold, Director (former)	\$ 22,500
6,250 (1)	5/13/2008	Malek A. Bohsali, Chief Financial Officer (former)	\$ 18,750
25,000 (2)	7/20/2009	Malek A. Bohsali, Chief Financial Officer (former)	\$ 25,000
83,334 (3)	8/26/2009	Fred Hofheinz, Chairman of the Board	\$ 50,000
29,167 (3)	8/26/2009	Peter Grunebaum, Director	\$ 17,500

- (1) Shares issued for services during the Company's fiscal year ended March 31, 2008.
- (2) Shares issued for services during the Company's fiscal year ended March 31, 2009.
- (3) Shares purchased in a private equity placement on the same terms and conditions as third party investors.

The Company sold through private equity placement to "accredited investors" a total of 462,500 units with net proceeds to the Company of \$277,500. Each unit was comprised of a restricted share of common stock and a three-year attached warrant for one share of restricted common stock at \$1.00 per share (a "Unit"). Units were priced at \$0.60 per Unit, and were offered to Company directors at the same terms and conditions offered and sold to accredited investors who were not affiliated with the Company. Through use of the Black Scholes option pricing model, the relative fair value of the share of common stock and the three-year attached warrant were determined by the Company to be \$0.396 and \$0.204, respectively. Private placements comprised of restricted shares of common stock commonly are sold at a discount to the trading price of "free trading" shares on a national exchange. The Directors that purchased Units in the private placement forewent the warrant component of the Units and they hold one share of common stock for each Unit purchased. Participants in the private placement that were not directors of the Company, received one share of common stock and a warrant for one share of common stock at \$1.00 per share for each Unit purchased.

Section 711 of the NYSE Amex Company Guide requires shareholder approval as a prerequisite to the Exchange's approval to list on the Exchange shares issued to officers and directors under certain circumstances, including when a company sells shares of restricted common stock to officers and directors at a price less than the closing price of "free trading" shares on the Exchange at the time the private placement is made.

The Company is seeking ratification by its shareholders of the common share issuances identified in the above table, which pursuant to Section 711 of the NYSE Amex Company Guide, require shareholder approval due to the issuance of shares to officers and directors for services and due to the Unit price of \$0.60 being less than the closing price of the Company's common stock on the Exchange at the time the private placement was made.

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE RATIFICATION OF THE ISSUANCE OF SHARES OF COMMON STOCK TO COMPANY OFFICERS AND DIRECTORS.

PROPOSAL NO. 5

APPROVAL OF A CHARTER AMENDMENT TO THE COMPANY'S ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED COMMON SHARES FROM TWENTY-FIVE (25) MILLION TO ONE-HUNDRED (100) MILLION.

Our Articles of Incorporation, as amended (the "Articles"), currently authorizes the issuance of up to 25,000,000 shares of common stock. As of January 29, 2010, 11,244,805 shares of common stock were issued and outstanding and 3,673,050 shares were reserved for issuance under our securities convertible into shares of common stock, leaving 10,082,145 shares of common stock unissued and unreserved. In order to ensure sufficient shares of common stock will be available for issuance by us, the Board has approved, subject to stockholder approval, an amendment to the Articles that increases the number of shares of such common stock authorized for issuance from 25,000,000 to 100,000,000.

We desire to authorize additional shares of common stock to ensure that enough shares will be available in the event the Board determines that it is necessary or appropriate to (i) raise additional capital through the sale of equity securities, (ii) acquire another company or its assets, (iii) provide equity incentives to employees and officers, (iv) permit future stock splits in the form of stock dividends or (v) satisfy other corporate purposes. The availability of additional shares of common stock is particularly important in the event that the Board needs to undertake any of the foregoing actions on an expedited basis and thus to avoid the time and expense of seeking stockholder approval in connection with the contemplated issuance of common stock.

The increase in authorized common stock will not have any immediate effect on the rights of existing stockholders. However, the Board will have the authority to issue authorized common stock without requiring future stockholder approval of such issuances, except as may be required by applicable law or the NYSE Amex. For example, the rules of the NYSE Amex require that we obtain stockholder approval prior to the issuance of shares of common stock in a private financing at a price less than the greater of the book value or market value of our common stock, where the total number of shares which may be issued pursuant to such transactions exceeds 20% of the outstanding common stock prior to issuance. To the extent that additional authorized shares are issued in the future, they may decrease the existing stockholders' percentage equity ownership and, depending on the price at which they are issued, could be dilutive to the existing stockholders.

The amendment is not presently intended for the purposes of effecting an anti-takeover device and is not proposed in response to any specific takeover threat known to the Board. Furthermore, this proposal is not part of any plan by the Board to adopt anti-takeover devices, and the Board currently has no present intention of proposing anti-takeover measures in the near future.

The holders of common stock have no preemptive rights and the Board has no plans to grant such rights with respect to any such shares.

A copy of the amendment is attached to this proxy as Annex B and assumes that Proposal No. 6 is also approved at the Annual Meeting. This amendment to the Articles is being submitted for your approval pursuant to the Nevada Revised Statutes and SEC rules.

No Appraisal Rights

Under Nevada law, our stockholders are not entitled to appraisal rights with respect to the increase to the number of authorized shares of common stock.

Vote Required

The approval of this amendment to the Articles requires the affirmative vote of the holders of a majority of the outstanding shares entitled to vote at the Annual Meeting, in person or by proxy. For the approval of this amendment to the Articles, you may vote “FOR” or “AGAINST” or abstain from voting. If you hold your shares in your own name and abstain from voting on this matter, your abstention will have the effect of a vote “AGAINST” this amendment. If you hold your shares through a broker, bank, trustee or other nominee and you do not instruct them on how to vote on this proposal, your broker or other nominee will not have authority to vote your shares and such non-vote will have the effect of a vote “AGAINST” this amendment.

THE BOARD RECOMMENDS A VOTE “FOR” THE AMENDMENT TO THE ARTICLES TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK.

PROPOSAL NO. 6

APPROVAL OF AN AMENDMENT TO THE COMPANY'S ARTICLES OF INCORPORATION TO AUTHORIZE THE BOARD TO ISSUE SHARES OF PREFERRED STOCK.

The Articles currently provide for the issuance of up to 10,000,000 shares of preferred stock. However, the Articles of Incorporation (the "Articles") do not currently describe the voting powers, preferences and other characteristics of the preferred stock, nor do the Articles grant the Board the necessary authority under Nevada law to determine such characteristics and issue shares of preferred stock. Accordingly, an amendment to the Articles is required in order to permit the Board to issue any shares of preferred stock. The Board has determined that having the ability to issue shares of preferred stock would facilitate corporate financing and our other plans which are intended to foster our growth and flexibility. The inability to do this without first obtaining stockholder approval would inhibit our ability to enter into certain corporate financing transactions which might become available to us in the future. As such, the Board has approved, subject to stockholder approval, an amendment to the Articles to authorize the Board, without further stockholder approval, to issue preferred stock in one or more series, and with such voting powers, designations, preferences, limitations, restrictions and relative rights as determined by the Board. The Board believes that the complexity of modern business financing and possible future transactions require greater flexibility in our capital structure than currently exists.

The Board will be permitted to issue preferred stock from time to time for any proper corporate purpose, including acquisitions of other businesses or properties and the raising of additional capital. Shares of preferred stock could be issued publicly or privately, in one or more series that could rank senior to our common stock with respect to dividends and liquidation rights. There are no present plans, understandings or agreements for, and we are not engaged in any negotiations that will involve, the issuance of preferred stock.

Even though not intended by the Board, the possible overall effect of the existence of preferred stock on the holders of our common stock may include the dilution of their ownership interests, the continuation of our current management, prevention of mergers with or business combinations by us and the discouragement of possible tender offers for shares of our common stock.

Upon conversion of convertible preferred stock into shares of our common stock, the voting power and percentage ownership of holders of our common stock before such conversion would be diluted, and such issuances could have an adverse effect on the market price of our common stock. Additionally, the issuance of shares of preferred stock with certain rights, preferences and privileges senior to those held by our common stockholders could diminish their rights to receive dividends, if declared by the Board, and to receive payments upon our liquidation.

If shares of preferred stock are issued, approval by holders of such shares, voting as a separate class, could be required prior to certain mergers with or business combinations by us. These factors could discourage attempts to purchase control of us even if such change in control may be beneficial to the holders of our common stock. Moreover, the issuance of preferred stock having general voting rights together with the common stock to persons friendly to the Board could make it more difficult to remove incumbent management and directors from office, even if such changes would be favorable to stockholders generally.

If shares of preferred stock are issued with conversion rights, our attractiveness to a potential tender offeror may be diminished. The purchase of the additional shares of common stock or preferred stock necessary to gain control of us may increase the cost to a potential tender offeror and prevent the tender offer from being made, even though such offer may have been desirable to many of the holders of our common stock.

The ability of the Board, without any additional stockholder approval, to issue shares of preferred stock with such rights, preferences, privileges and restrictions as determined by the Board could be employed as an anti-takeover device. The amendment is not presently intended for that purpose and is not proposed in response to any specific takeover threat known to the Board. Furthermore, this proposal is not part of any plan by the Board to adopt anti-takeover devices, and the Board currently has no present intention of proposing anti-takeover measures in the near future. In addition, any such issuance of preferred stock in the takeover context would be subject to compliance by the Board with applicable principles of fiduciary duty.

The Board believes that the financial flexibility offered by the preferred stock outweighs any of its disadvantages. To the extent the proposal may have anti-takeover effects, the proposal may encourage persons seeking to acquire us to negotiate directly with the Board, enabling the Board to consider the proposed transaction in a non-disruptive atmosphere and to discharge effectively its obligation to act on the proposed transaction in a manner that best serves all the stockholders' interests. It is also the Board's view that the existence of preferred stock should not discourage anyone from proposing a merger or other transaction at a price reflective of our true value and which is in the interests of its stockholders.

A copy of the amendment is attached to this proxy as Annex B and assumes that Proposal No. 5 is also approved at the Annual Meeting. This amendment to the Articles is being submitted for your approval pursuant to the Nevada Revised Statutes and SEC rules.

No Appraisal Rights

Under Nevada law, our stockholders are not entitled to appraisal rights with respect to the authorization of a class of preferred stock.

Vote Required

The approval of this amendment to the Articles requires the affirmative vote of the holders of a majority of the outstanding shares entitled to vote at the Annual Meeting, in person or by proxy. For the approval of this amendment to the Articles, you may vote "FOR" or "AGAINST" or abstain from voting. If you hold your shares in your own name and abstain from voting on this matter, your abstention will have the effect of a vote "AGAINST" this amendment. If you hold your shares through a broker, bank, trustee or other nominee and you do not instruct them on how to vote on this proposal, your broker or other nominee will not have authority to vote your shares and such non-vote will have the effect of a vote "AGAINST" this amendment.

THE BOARD RECOMMENDS A VOTE "FOR" THE AMENDMENT TO THE ARTICLES TO AUTHORIZE THE BOARD TO ISSUE SHARES OF PREFERRED STOCK.

COMPLIANCE WITH SECTION 16(a) OF THE EXCHANGE ACT

Copies of all filed reports are required to be furnished to us pursuant to Rule 16a-3 promulgated under the Exchange Act. Based solely on the reports received by us and on the representations of the reporting persons, we believe that these persons have complied with all applicable filing requirements during the fiscal year ended March 31, 2009.

6.1 Terms and Conditions. Stock options granted under the Plan shall be in respect of Common Stock and may be in the form of Incentive Stock Options or Non-Qualified Stock Options (sometimes referred to collectively herein as “Stock Options.”) Such Stock Options shall be subject to the terms and conditions set forth in this Section 6 and any additional terms and conditions (including specific provisions for Incentive Stock Options) not inconsistent with the express terms and provisions of the Plan, as the Committee shall set forth in the relevant Award Agreement. The Committee may also provide that certain Stock Options will be automatically exercised and settled on one or more fixed dates specified therein by the Committee (in such a situation, the Committee may provide that a number of shares of Common Stock with a Fair Market Value equal to or greater than the total exercise price be withheld to satisfy the exercise price and, in the event the Fair Market Value of the shares of Common Stock withheld exceeded the total exercise price, the Committee may provide that any excess be paid to the Grantee in cash, securities or other property).

6.2 Grant. Stock Options may be granted under the Plan in such form as the Committee may from time to time approve. Stock Options may be granted alone or in addition to other Awards under the Plan. Special provisions shall apply to Incentive Stock Options granted to any employee who owns (within the meaning of Code Section 422(b)(6)) more than 10% of the total combined voting power of all classes of stock of the Company or its parent corporation or any subsidiary of the Company, within the meaning of Code Sections 424(e) and (f) (a “10% Shareholder”).

6.3 Term. The term of each Stock Option shall be such period of time as is fixed by the Committee; provided, however, that the term of any Incentive Stock Option shall not exceed 10 years (five years, in the case of a 10% Shareholder) after the date immediately preceding the date on which the Incentive Stock Option is granted.

6.4 Exercise Price. The exercise price per share of Common Stock subject to a Stock Option shall be determined by the Committee, including, without limitation, a determination based on a formula determined by the Committee; provided, however, that the exercise price of a Stock Option shall not be less than 100% of the Fair Market Value of the Common Stock on the date of the grant of such Stock Option; provided, further, however, that, in the case of a 10% Shareholder, the exercise price of an Incentive Stock Option shall not be less than 110% of the Fair Market Value of the Common Stock on the date of grant.

6.5 Vesting. Subject to Sections 6.6 and 11.3, Stock Options will vest in accordance with the terms and conditions set forth by the Committee in the relevant Award Agreement.

6.6 Separation from Service. If a Grantee ceases performing services for the Company and its Subsidiaries, unless an Award Agreement provides otherwise, the Grantee shall vest in the Stock Options and shall be able to exercise any vested Stock Options as described below:

6.6.1 Involuntary Termination by the Company or a Subsidiary Without Cause. If the Grantee's service with the Company and Subsidiaries is involuntarily terminated by the Company or a Subsidiary for reasons other than Cause, the Grantee may exercise all vested Stock Options for a period of one-hundred eighty (180) days (the "Termination Period Without Cause") after such separation from service date (or the term of the Stock Options, if shorter). All Stock Options that would have vested during the Termination Period Without Cause shall vest and may be exercised by Grantee during the one-hundred eighty (180) day period following separation. All remaining unvested Stock Options shall be forfeited to the Company on such separation from service date.

6.6.2 Involuntary Termination by the Company or a Subsidiary With Cause. If the Grantee's service with the Company and Subsidiaries is involuntarily terminated by the Company or a Subsidiary with Cause, the Grantee will, upon notification by the Company of such termination for Cause, forfeit all outstanding unvested Stock Options and the Grantee shall have a period of forty-five (45) days (the "Termination Period With Cause") after the date of separation to exercise vested Stock Options. All remaining unexercised Stock Options at the end of the Termination Period With Cause shall be forfeited to the Company.

6.6.3 Death or Disability of the Grantee. If the Grantee dies or separates from service with the Company and Subsidiaries because of the Grantee's Disability, the Grantee will become fully vested in all of his or her Stock Options and the Grantee (or beneficiary thereof) may exercise all vested Stock Options for a period of one (1) year after the Grantee's death or Disability, as applicable (or the term of the Stock Options, if shorter).

6.6.4 Separation for any Other Reason. If the Grantee's separation from service with the Company and Subsidiaries is for a reason other than as described in Sections 6.6.1 through 6.6.3, no outstanding Stock Options held by Grantee will become vested after the Grantee's separation from service date, and the Grantee may exercise all vested Stock Options for a period of ninety (90) days after such separation from service date (or the term of the Stock Options, if shorter).

6.7 Method of Exercise. A Stock Option may be exercised, in whole or in part, by giving written notice of exercise to the Secretary of the Company, or such other person as may be designated by the Company, specifying the number of shares to be purchased. Such notice shall be accompanied by payment in full of the exercise price in cash, by certified check, bank draft, or money order payable to the order of the Company, or by payment through any other mechanism permitted by the Committee, including, if the Committee so determines, by delivery of shares of Common Stock. In the event that the Grantee dies or separates from service with the Company and Subsidiaries because of the Grantee's Disability, Stock Options may be exercised through a "cashless exercise". The proceeds received by the Company upon exercise of any Stock Option may be used by the Company for general corporate purposes. Any portion of a Stock Option that is exercised may not be exercised again.

7. Restricted Shares.

7.1 Terms and Conditions. Awards of Restricted Shares shall be subject to the terms and conditions set forth in this Section 7 and any additional terms and conditions, not inconsistent with the express terms and provisions of the Plan, as the Committee shall set forth in the relevant Award Agreement or other applicable agreement. Subject to the terms of the Plan, the Committee shall determine the number of Restricted Shares to be granted to a Grantee and the Committee may provide or impose different terms and conditions on any particular Restricted Shares grant made to any Grantee. With respect to each Grantee receiving an Award of Restricted Shares, there shall be issued a stock certificate (or certificates) in respect of such Restricted Shares. Such stock certificate(s) shall be registered in the name of the Grantee, and shall bear, restrictive legends acceptable to the Company. The restrictive legends may include, but not limited to language concerning: (i) the stock certificate was issued pursuant to a Company incentive plan and may be subject to certain forfeiture events; (ii) the shares represented by the stock certificate are subject to an award agreement between the Company and the registered owner of the shares; and (iii) the Company has the right and may refuse to transfer of the share certificate until restrictions and conditions are satisfied.

The stock certificate evidencing Restricted Shares shall, in the sole discretion of the Committee, be deposited with and held in custody by the Company until the restrictions thereon shall have lapsed and all of the terms and conditions applicable to such grant shall have been satisfied.

7.2 Restricted Share Grants. A grant of Restricted Shares is an Award of shares of Common Stock granted to a Grantee, subject to such restrictions, terms and conditions, if any, as the Committee deems appropriate, including, without limitation, (a) restrictions on the sale, assignment, transfer, hypothecation or other disposition of such shares, (b) the requirement that the Grantee deposit such shares with the Company while such shares are subject to such restrictions, and (c) in the event of separation of service, vesting and forfeiture of Restricted Shares will be in accordance with Section 7.4.

7.3 Restriction Period. In accordance with Sections 7.1 and 7.2 and unless otherwise determined by the Committee (in its sole discretion) at any time and from time to time, Restricted Shares shall only become unrestricted and vested in accordance with such vesting schedule and any other applicable restrictions, terms and conditions relating to such Restricted Shares, if any, as the Committee may establish in the relevant Award Agreement or other applicable agreement (the "Restriction Period"). Unless otherwise provided in the Award Agreement and in Section 7.4, the Restrictions shall lapse in accordance with the following schedule:

<u>Grantee Vesting of Restricted Shares</u>	<u>Cumulative Vested Percentage</u>
Upon 1 st day of 4 th month following the date of grant	25%
First anniversary of the grant date	50%
Second anniversary of the grant date	75%
Third anniversary of the grant date	100%

During the Restriction Period, such stock shall be and remain unvested and a Grantee may not sell, assign, transfer, pledge, encumber or otherwise dispose of or hypothecate such Award. Upon satisfaction of the vesting schedule and any other applicable restrictions, terms and conditions, the Grantee shall be entitled to receive the Restricted Shares or a portion thereof, as the case may be, as provided in Section 7.4.

7.4 Separation from Service. Unless otherwise provided in an Award Agreement:

7.4.1 Death or Disability of the Grantee. If the Grantee dies or separates from service with the Company and Subsidiaries because of the Grantee's Disability, the Grantee will fully vest in his or her Restricted Shares; all restrictions shall lapse; and Company will release, clear and issue to Grantee all shares of Restricted Stock.

7.4.2 Separation for any Other Reason. If the Grantee's separation from service with the Company and Subsidiaries is for a reason other than as described in Section 7.4.1, the Grantee will forfeit all unvested Restricted Shares; the Grantee must immediately deliver all such shares to the Company; and Company will release, clear and issue to Grantee any Restricted Shares that the restriction(s) have been satisfied and/or lapsed.

7.5 Payment of Restricted Share Grants. After the satisfaction and/or lapse of the restrictions, terms and conditions established by the Committee in respect of a grant of Restricted Shares, a new certificate, without the restrictive legend for the number of shares of Common Stock which are no longer subject to such restrictions, terms and conditions shall, as soon as practicable thereafter, be delivered to the Grantee.

7.6 Stockholder Rights. A Grantee shall have, with respect to the shares of Common Stock underlying a grant of Restricted Shares, all of the rights of a stockholder of such stock (except as such rights, including the right to receive dividends, in the Committee's discretion, are limited or restricted under the Plan, in the relevant Award Agreement, or in any other applicable agreement). Any stock dividends paid in respect of unvested Restricted Shares shall (to the extent the unvested Restricted Shares are entitled to receive dividends) be treated as additional Restricted Shares and shall be subject to the same restrictions and other terms and conditions that apply to the unvested Restricted Shares in respect of which such stock dividends are issued.

8. Other Provisions.

8.1 Performance-Based Awards. Restricted Shares subject to performance criteria that are intended to be "qualified performance-based compensation" within the meaning of Code Section 162(m) shall become vested solely on account of the attainment (as certified in writing by the Committee) of one or more preestablished, objective performance goals within the meaning of Code Section 162(m). These performance goals shall be based on performance criteria such as, but not limited to, either alone or in any combination, as the Committee may determine: growth in oil and gas reserves; production levels; revenues; earnings per share; net income; EBITDA; return on assets, equity, capital employed or total stockholder returns; market valuation; cash flows; performance relative to peer companies; management and control of capital expenditures; lease operating costs; and completion of strategic joint ventures, acquisitions and/or divestitures.

8.2 Any such performance criterion or combination of such criteria may apply to a Grantee's award opportunity in its entirety or to any designated portion or portions of the award opportunity, as the Committee may specify. The payout of any such Award to a Covered Employee may be reduced, but not increased, based on the degree of attainment of other performance criteria or otherwise at the discretion of the Committee. For purposes of the Plan, "Covered Employee" has the same meaning as set forth in Code Section 162(m).

8.3 Maximum Yearly Awards. The maximum annual Common Stock amounts in this Section 8.3 are subject to adjustment under Section 11.2 and are subject to the Plan maximum under Section 4.2.

8.3.1 Restricted Share Awards. The maximum amount payable in respect of Restricted Shares in any calendar year may not exceed twenty (20%) percent of the maximum shares of Common Stock provided for in Section 4.2 in the case of any individual Grantee.

8.3.2 Stock Options. Each individual Grantee may not receive, in any calendar year, Awards of Stock Options exceeding twenty (20%) percent of the maximum shares of Common Stock provided for in Section 4.2.

9. Dividend Equivalents. In addition to the provisions of Section 7.6 that apply to Restricted Shares, Awards of Stock Options may, in the sole discretion of the Committee, and if provided for in the relevant Award Agreement, earn dividend equivalents. In respect of any such Award that is outstanding on a dividend record date for Common Stock, the Grantee shall be credited with an amount equal to the amount of cash or stock dividends that would have been paid on the shares of Common Stock covered by such Award had such covered shares been issued and outstanding on such dividend record date. Any such dividend equivalents will be paid when accrued, but in no event later than March 15 following the year in which the dividend equivalents accrue. The receipt of dividend equivalents granted under this Section 9 will be paid to the Grantee regardless of whether the Grantee exercises the Stock Option to which the dividend equivalents relate.

10. Non-transferability of Awards. Unless otherwise provided in the Award Agreement, no Award under the Plan or any Award Agreement, and no rights or interests herein or therein, shall or may be assigned, transferred, sold, exchanged, encumbered, pledged, or otherwise hypothecated or disposed of by a Grantee or any beneficiary(ies) of any Grantee, except by testamentary disposition by the Grantee or the laws of intestate succession. No such interest shall be subject to execution, attachment or similar legal process, including, without limitation, seizure for the payment of the Grantee's debts, judgments, alimony, or separate maintenance. Unless otherwise provided in the Award Agreement, during the lifetime of a Grantee, Stock Options are exercisable only by the Grantee.

11. Changes in Capitalization and Other Matters.

11.1 No Corporate Action Restriction. The existence of the Plan, any Award Agreement and/or the Awards granted hereunder shall not limit, affect or restrict in any way the right or power of the Board or the shareholders of the Company to make or authorize (a) any adjustment, recapitalization, reorganization or other change in the Company's or any Subsidiary's capital structure or its business, (b) any merger, consolidation or change in the ownership of the Company or any Subsidiary, (c) any issue of bonds, debentures, capital, preferred or prior preference stocks ahead of or affecting the Company's or any Subsidiary's capital stock or the rights thereof, (d) any dissolution or liquidation of the Company or any Subsidiary, (e) any sale or transfer of all or any part of the Company's or any Subsidiary's assets or business, or (f) any other corporate act or proceeding by the Company or any Subsidiary. No Grantee, beneficiary or any other person shall have any claim against any member of the Board or the Committee, the Company or any Subsidiary, or any employees, officers, shareholders or agents of the Company or any Subsidiary, as a result of any such action.

11.2 Changes in Capital Structure. Awards granted under the Plan, any agreements evidencing such Awards and the maximum number of shares of Common Stock subject to all Awards stated in Section 4.2 and subject to individual calendar year Awards in Section 8.3 shall be subject to adjustment or substitution, as determined by the Committee in its sole discretion, as to the number, price or kind of a share of stock or other consideration subject to such Awards or as otherwise determined by the Committee to be equitable (a) in the event of changes in the outstanding stock or in the capital structure of the Company by reason of stock or extraordinary cash dividends, stock splits, reverse stock splits, recapitalization, reorganizations, mergers, consolidations, combinations, exchanges, or other relevant changes in capitalization occurring after the date of grant of any such Award or (b) in the event of any change in applicable laws or any change in circumstances which results in or would result in any substantial dilution or enlargement of the rights granted to, or available for, Grantees, or which otherwise warrants equitable adjustment because it interferes with the intended operation of the Plan. The Company shall give each Grantee notice of an adjustment hereunder and, upon notice, such adjustment shall be conclusive and binding for all purposes.

11.3 Change in Control Treatment. Notwithstanding Section 11.2, in the event of a Change in Control (defined below) all outstanding unvested Stock Options and Restricted Shares held by a Grantee, not otherwise previously forfeited by Grantee, shall vest to the Grantee. The Committee may, in its discretion and upon at least 10 days advance notice to the affected persons, (a) adjust any outstanding Award as the Committee deems appropriate to reflect such Change in Control; (b) cause any such Award to be assumed, or new rights substituted therefor, by the acquiring or surviving entity after such Change in Control; and/or (c) cancel any such Award and cause the holder thereof to be paid, in cash, securities or other property (including any securities or other property of a successor or acquirer), or any combination thereof, the value of such Award as determined by the Committee in its sole discretion; provided, however, that, the value of a Stock Option shall be based on the excess of the value of a share of Common Stock over the exercise price per share. The Committee may, in its sole discretion, provide that such cash, securities or other property is subject to vesting and/or exercisability terms similar to the Award being cancelled; provided, however, that the Committee may not cause an Award that is exempt from the provisions of Code Section 409A to become subject to Section 409A unless such Award is amended to comply with the provisions of Code Section 409A.

For purposes of this Section 11.3, “**Change in Control**” shall mean the consummation or occurrence of one or more of the following:

- (i) The Company is merged into or consolidated with another corporation or entity;
- (ii) Acquisition of greater than fifty (50) percent of the Company outstanding stock in one or a series of transactions by an entity or affiliated entities in a six month period;
- (iii) All or substantially all of the assets, or interests in the assets, of the Company are acquired by another person;
- (iv) Change in the majority of the Board of Directors in a six month period; or
- (iii) The reorganization or liquidation of the Company;

12. Amendment, Suspension and Termination.

12.1 In General. The Board may suspend or terminate the Plan (or any portion thereof) at any time and may amend the Plan at any time and from time to time in such respects as the Board may deem advisable or to be in the best interests of the Company or any Subsidiary. No such amendment, suspension or termination shall (a) materially and adversely effect the rights of any Grantee under any Award, without the consent of such Grantee or (b) increase the number of shares available for Awards pursuant to Section 4.2 without shareholder approval; provided, however, that the Board may amend the Plan, without the consent of any Grantees, in any way it deems appropriate to ensure that the Award is not subject to the provisions of Code Section 409A.

12.2 Award Agreement Modifications. The Committee may (in its sole discretion) amend or modify at any time and from time to time the terms and provisions of any outstanding Award, in any manner to the extent that the Committee under the Plan or any Award Agreement could have initially determined with respect to the restrictions, terms and provisions of such Awards, including, without limitation, changing or accelerating (a) the date or dates as of which Stock Options become exercisable, (b) the date or dates as of which Restricted Shares shall become vested, or (c) the performance period or goals in respect of any performance-based Restricted Shares; provided, however that with respect to an Award intended to be “qualified performance-based compensation,” no such amendment or modification may cause the Award to cease to satisfy the requirements of “qualified performance-based compensation.” No such amendment or modification shall, however, materially and adversely affect the rights of any Grantee under any such Award without the consent of such Grantee; provided, however, that the Committee may amend an Award, without the consent of the Grantee, in any way it deems appropriate to satisfy Code Section 409A.

13. Miscellaneous.

13.1 Tax Withholding. The Company shall have the right to deduct from any payment or settlement under the Plan, including, without limitation, the exercise of any Stock Option, or the delivery, transfer or vesting of any Common Stock or Restricted Shares, any federal, state, local, foreign or other taxes of any kind which the Committee, in its sole discretion, deems necessary to be withheld to comply with the Code and/or any other applicable law, rule or regulation. In addition, the Company shall have the right to require payment from a Grantee to cover any applicable withholding or other employment taxes due upon any payment or settlement under the Plan.

13.2 Code Section 409A. To the extent applicable and notwithstanding any other provision of this Plan, this Plan and Awards hereunder are intended to be exempt from the provisions of Code Section 409A and shall be administered, operated and interpreted in accordance; provided, however, in the event that the Committee determines that any amounts payable hereunder may be taxable to a Grantee under Code Section 409A prior to the payment and/or delivery to such Grantee of such amount, the Committee may take such actions as the Committee determines necessary or appropriate to comply with or exempt the Plan and/or Awards from the requirements of Code Section 409A. The Company and its Subsidiaries make no guarantees to any Person regarding the tax treatment of Awards or payments made under the Plan, and, notwithstanding the above provisions and any agreement or understanding to the contrary, if any Award, payments or other amounts due to an Grantee (or his estate, as applicable) results in, or causes in any manner, the application of an accelerated or additional tax, fine or penalty under Code Section 409A or otherwise to be imposed, then the Grantee (or his beneficiaries or estate, as applicable) shall be solely liable for the payment of, and the Company and Subsidiaries shall have no obligation or liability to pay or reimburse (either directly or otherwise) the Grantee (or his estate, as applicable) for, any such additional taxes, fines or penalties.

13.3 No Right to Employment. Neither the adoption of the Plan, the granting of any Award, nor the execution of any Award Agreement, shall confer upon any employee, director or consultant of the Company or any Subsidiary any right to continued employment, Board membership or consulting relationship with the Company or any Subsidiary, as the case may be, nor shall it interfere in any way with the right, if any, of the Company or any Subsidiary to terminate the employment, directorship or consulting relationship of any employee, director or consultant at any time for any reason, even if such termination adversely affects such Grantee's Awards.

13.4 Other Company Benefit and Compensation Programs. Payments and other benefits received by a Grantee under an Award made pursuant to the Plan shall not be deemed a part of a Grantee's compensation for purposes of the determination of benefits under any other employee welfare or benefit plans or arrangements, if any, provided by the Company or any Subsidiary unless expressly provided in such other plans or arrangements, or except where the Committee expressly determines in writing that inclusion of an Award or portion of an Award should be included to accurately reflect competitive compensation practices or to recognize that an Award has been made in lieu of a portion of competitive annual base salary or other cash compensation. Awards under the Plan may be made in addition to, in combination with, or as alternatives to, grants, awards or payments under any other plans or arrangements of the Company or its Subsidiaries. The existence of the Plan notwithstanding, the Company or any Subsidiary may adopt such other compensation plans or programs and additional compensation arrangements as it deems necessary to attract, retain and motivate employees, non-employee directors and consultants.

13.5 Listing, Registration and Other Legal Compliance. No Awards or shares of the Common Stock shall be required to be issued or granted under the Plan or any Award Agreement unless legal counsel for the Company shall be satisfied that such issuance or grant will be in compliance with all applicable federal and state securities laws and regulations and any other applicable laws or regulations. The Committee may require, as a condition of any payment or share issuance, that certain agreements, undertakings, representations, certificates, and/or information, as the Committee may deem necessary or advisable, be executed or provided to the Company to assure compliance with all such applicable laws or regulations. Certificates for shares of the Restricted Shares and/or Common Stock delivered under the Plan may bear appropriate legends and may be subject to such stock-transfer orders and such other restrictions as the Committee may deem advisable under the rules, regulations, or other requirements of the Securities and Exchange Commission, any stock exchange upon which the Common Stock is then listed, and any applicable federal or state securities law. In addition, if, at any time specified herein (or in any Award Agreement or otherwise) for (a) the making of any Award, or the making of any determination, (b) the issuance or other distribution of Restricted Shares and/or Common Stock, or (c) the payment of amounts to or through a Grantee with respect to any Award, any law, rule, regulation or other requirement of any governmental authority or agency shall require either the Company, any Subsidiary or any Grantee (or any estate, designated beneficiary or other legal representative thereof) to take any action in connection with any such determination, any such shares to be issued or distributed, any such payment, or the making of any such determination, as the case may be, shall be deferred until such required action is taken. With respect to persons subject to Section 16 of the Exchange Act, transactions under the Plan are intended to comply with all applicable conditions of SEC Rule 16b-3.

13.6 Award Agreements. Each Grantee receiving an Award under the Plan shall enter into an Award Agreement and any other agreement with the Company and/or its Subsidiaries as may be required by the Committee in such forms as determined by the Committee. Each Grantee shall agree to the restrictions, terms and conditions of the Award set forth therein and in the Plan.

13.7 Designation of Beneficiary. Each Grantee to whom an Award has been made under the Plan may designate a beneficiary or beneficiaries to exercise any Stock Option or to receive any payment which under the terms of the Plan and the relevant Award Agreement may become exercisable or payable on or after the Grantee's death. At any time, and from time to time, any such designation may be changed or cancelled by the Grantee without the consent of any such beneficiary. Any such designation, change or cancellation must be on a form provided for that purpose by the Committee and shall not be effective until delivered to the corporate secretary at the executive office of the Company. If no beneficiary has been designated by a deceased Grantee, or if the designated beneficiaries have predeceased the Grantee, the beneficiary shall be the Grantee's estate. If the Grantee designates more than one beneficiary, any payments under the Plan to such beneficiaries shall be made in equal shares unless the Grantee has expressly designated otherwise, in which case the payments shall be made in the shares designated by the Grantee.

13.8 Leaves of Absence/Transfers. The Committee shall have the power to promulgate rules and regulations and to make determinations, as it deems appropriate, under the Plan in respect of any leave of absence from the Company or any Subsidiary granted to a Grantee. Without limiting the generality of the foregoing, the Committee may determine whether any such leave of absence shall be treated as if the Grantee has terminated employment with the Company or any such Subsidiary. If a Grantee transfers within the Company, or to or from any Subsidiary, such Grantee shall not be deemed to have terminated employment as a result of such transfer.

13.9 Governing Law. The Plan and all actions taken thereunder shall be governed by and construed in accordance with the laws of the State of Nevada, without reference to the principles of conflict of laws thereof. Any titles and headings herein are for reference purposes only, and shall in no way limit, define or otherwise affect the meaning, construction or interpretation of any provisions of the Plan.

13.10 Effective Date. The Plan shall be effective upon its approval by the Company shareholders.
