Camber Energy Granted Extension by NYSE American for Compliance with Continued Listing Requirements

SAN ANTONIO, TX / ACCESSWIRE / July 18, 2018 / Camber Energy, Inc. (NYSE American: CEI) (the "Company" or "Camber"), based in San Antonio, Texas, a growth-oriented, independent oil and gas company engaged in the development of crude oil, natural gas and natural gas liquids, announced that, by letter dated July 17, 2018, the NYSE Regulation (the "NYSE") granted the Company an extension for compliance with its listing requirements through December 15, 2018, subject to compliance with initiatives outlined in the Company's compliance plan.

As previously reported, we received notice from the NYSE American (the "Exchange") that the Company was not in compliance with Sections 1003(a)(i) through (iii) of the NYSE American Company Guide (the "Guide"). In order to maintain our listing on the Exchange, the Exchange had requested that the Company submit a plan of compliance addressing how the Company intended to regain compliance with Sections 1003(a)(i) through (iii) of the Guide by August 3, 2018. The plan was submitted timely and the Exchange previously granted the Company until August 3, 2018 to regain compliance with the continued listing standards of the Guide.

The Company will be subject to periodic review by the Exchange during the extended plan period. Failure to make progress consistent with the plan or to regain compliance with the continued listing standards of the Guide by the end of the extended plan period could result in the Company being delisted from the Exchange. If the Company's common stock was ultimately delisted from the exchange, it would be expected to trade on the OTCQB market.

This public announcement is disclosing that the Company is not in compliance with NYSE American's continued listing standards and that the Company's listing has been continued pursuant to an extension, with a targeted completion date of December 15, 2018.

The Company is in the process of moving forward with the initiatives contained in the plan.
