ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

On August 20, 2014, and effective August 1, 2014, Lucas Energy, Inc. (the “Company”, “we” and “us”) entered into a Participation Agreement (the “Participation Agreement”) with Oak Valley Operating, LLC and Sabine River Energy, LLC, (collectively, “Oak Valley”). Pursuant to the Participation Agreement, Oak Valley agreed to participate with us in connection with the drilling, evaluation and development of certain of our currently undeveloped Karnes County, Texas Eagle Ford shale acreage. Oak Valley was assigned an undivided 50% working/leasehold interest in approximately 200 acres of our Karnes County leases in consideration for \$444,285 and has the obligation to acquire 50% of certain other Karnes County leases totaling 110 acres in aggregate held by us which are currently subject to dispute subject to similar terms. We also agreed to provide Oak Valley a 74% net lease interest in all existing Karnes County leases and any leases assigned in the future. The Participation Agreement requires Oak Valley to propose two horizontal wells on locations reasonably acceptable to the parties and that Oak Valley shall use commercially reasonable efforts to spud the first well within three months of us curing all potential land matters. After the drilling, completion and equipping of the two wells described above, Oak Valley has the option, but not the obligation to propose subsequent wells pursuant to the terms of the Participation Agreement and Operating Agreement (discussed below).

The parties agreed to govern their relationship pursuant to an operating agreement (the “Operating Agreement”) pursuant to which Oak Valley will manage the drilling of the wells and bear 50% of the drilling and completion costs (with the Company bearing the other 50% of such costs). Once the wells are on production and initial oil sales begin, all future revenues and operating costs will also be split between the parties on a 50%/50% basis. The first well is expected to be spudded no later than December 2014, provided that we will need to raise additional funding to pay our expenses associated with such planned well. The parties expect to drill a minimum of four wells on the property.

ITEM 7.01 REGULATION FD DISCLOSURE.

On August 26, 2014, the Company issued a press release announcing the entry into the Participation Agreement, as described above in Item 1.01.

A copy of the press release is furnished as Exhibit 99.1 hereto.

The information responsive to Item 7.01 of this Form 8-K and Exhibit 99.1 attached hereto, shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”) or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as expressly set forth by specific reference in such a filing. The furnishing of this Report is not intended to constitute a determination by the Company that the information is material or that the dissemination of the information is required by Regulation FD.

FOR IMMEDIATE RELEASE

**LUCAS ENERGY ANNOUNCES JOINT VENTURE TO DEVELOP ITS
KARNES COUNTY ACREAGE IN THE EAGLE FORD SHALE**

HOUSTON, TEXAS –August 26, 2014 – Lucas Energy, Inc. (NYSE MKT: LEI) (“Lucas” or the “Company”), an independent oil and gas company with its operations in Texas, today announced that it has signed a binding participation agreement with Oak Valley Resources, LLC (“OVR”), to jointly develop the Company’s Karnes County, Texas acreage in the Eagle Ford shale formation.

At closing Lucas will receive \$444,000 for a 50% working interest on approximately 400 acres. OVR will manage the drilling of the wells and each company will bear 50% of the drilling and completion costs. Once the wells are on production and initial oil sales begin, all revenues and operating costs will also be split between the parties on a 50%/50% basis. The first well is expected to be spudded no later than December 2014. The joint venture expects to drill a minimum of four wells on the property.

“We are pleased to finalize this joint venture agreement with a respected and experienced independent operator to begin to develop our Eagle Ford reserves in south Texas. Our objective is to continue to focus on drilling our most valuable asset, our Eagle Ford shale acreage, in order to maximize production and grow cash flow,” said Anthony C. Schnur, Chief Executive Officer of Lucas, who continued, “Further we will continue to seek appropriate opportunities to work with OVR on future drilling projects.”
